July 16, 1992

Dear Tim:

I'm thinking about doing another BULLETIN in early August. Will it be possible for you to send me a President's Letter in a couple weeks? If not, I'll wait until I hear from you.

There is a potential problem with Michael Beat's record-breaking fly on June 21, 1992. The fly report form appears to be correct and complete in every respect. HOWEVER, according to a membership list that I received on June 23, 1992 from Walter Wiechec, the timer for Michael Beat's fly, Joe Kelly, was NOT a member of the FTA at the time he served as Michael Beat's timer. In addition, no arrangements were previously made (as far as I know) between the FTA and the FTS which would make it possible for an FTS member (in the event that Joe Kelly is a member of the FTS) to serve as a timer for an FTA fly. (See FTA "Flying Rules," #23).

Please advise me on how to handle this matter in the projected Augut 1992 BULLETIN.

My young birds are flying well and I am optimistic about the Fall flies. I hope that all is well with you.

Sincerely,

Robert

a copy of the FTA's ad for the  
1992 National Young Bird Show  
Catalogue is enclosed.

July 16, 1992

Dear Jerry:

Thanks for the July 4/5, 1992 Fly Report.

Take your time on the Fall Series Top 20 and on any additional "Get to Know..." forms. I won't do another BULLETIN until I hear from you. I think it might be good to get another BULLETIN out sometime in the early part of August.

There is a potential problem with Michael Beat's record-breaking fly. The fly report form appears to be correct and complete in every respect. HOWEVER, according to a membership list that I received on June 23, 1992 from Walter Wiechec, the timer for Michael Beat's fly, Joe Kelly, was NOT a member of the FTA at the time he served as Michael Beat's timer. In addition, no arrangements were previously made (as far as I know) between the FTA and the FTS which would make it possible for an FTS member (in the event that Joe Kelly is a member of the FTS) to serve as a timer for an FTA fly. (See FTA "Flying Rules," #23).

This matter will, I think, have to be taken up by the Board of Directors of the FTA before any official announcement of Michael Beat's record-breaking time is published. His time may have to be disqualified, which will be very unfortunate if that is the case. We'll have to see what action Tim and/or the Board of Directors take.

My young birds are flying well and I am optimistic about the Fall flies. I hope that all is well with you.

Sincerely,

Robert

Dear Board Member:

A work session for the CAPITAL FUND DRIVE will be held on Tuesday, July 21, at 7:30 p.m. at the library. It was decided at the last work session that 7:30 was more convenient than 7:00 for the majority.

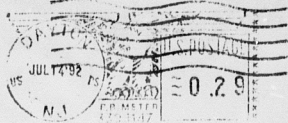

Please try to make this session as much work remains to be done on all phases of the drive.

Yours truly,

*Martin Langan*

S.R.P.-

Just to let you know that  
Christine & I — and I myself —  
are thinking of you.

Hope the heat in Cambridge  
isn't too intense.

How is your family? The flock?

Given the absence of news, I  
take it you are happily/profitably  
occupied, and that it is not  
some awkward chasm that has  
opened between us.

July 21, 1992

WBW:

The searing realities of life in the late 20th century are getting me down. I used to be very good at triumphing over the Lilliputians but I can't seem to do so at present. A couple years of non-stop and very concerted job-search activity and still NOTHING! I've even tried to get a job as a clerk in a department store and have not been able to do so. Too old, too educated, wrong gender, wrong race, no political connections. No one will even give me a chance! In addition to all that, living at home at the age of 48 is not easy.

At times, I have the impression that my behavior resembles that of a 12 year old child who is locked in a room and who, in an effort to escape, desperately throws himself at each of the four walls all the while knowing that there is no escape. And yet the child tries to escape. It's a perfect illustration of the Myth of Sisyphus. A couple of days ago, in an effort to cheer myself up, I decided to listen to some Edith Piaf. As I listened to her sing "Non, je ne regrette rien" I said to myself: "Oui, j'ai des regrets."

I am so tired of this cloud that has been over my head for a couple of years! When will the sun shine through again? As deranged as it sounds, I can't imagine how I could survive all this were it not for "mes cheres poules." They are the only normal thing in my life at present and the only source of pleasure that appears to be open to me.

Given all of the preceding, I have not been able to write to anyone. I have even more or less stopped keeping a journal (which I have been doing for about 15 years now).

Thanks for the column from the New York Observer about the WNCN Listeners' Guild. It amuses me to remember that I once led a demonstration down Fifth Avenue in an effort to save the classical format of WNCN.

Given all the physical activity in your life and in Christine's life (all that bicycling, moving, settling into your very own house (Am I confused? Somehow I have the impression that you are not renting the house.)), you both must be in top shape. A regular exercise program always makes one feel great. I used to look forward to walking home from Salomon Brothers.

We have created a very beautiful flower garden in the front yard here: very geometric and formal, with lawn pathways between the various flower beds. Right not the Aurelian lilies and Delphinium are in bloom and it is very beautiful.

Be assured that "no awkward chasm" has opened between us. When the clouds finally part, I will be myself again. I can hardly wait.

Sincerely,

SRP

July 21, 1992

Dear Sheryl:

The searing realities of life in the late 20th century are getting me down. I used to be very good at triumphing over the Lilliputians but I can't seem to do so at present. A couple years of non-stop and very concerted job-search activity and still NOTHING! I've even tried to get a job as a clerk in a department store and have not been able to do so. Too old, too educated, wrong gender, wrong race, no political connections. No one will even give me a chance! In addition to all that, living at home at the age of 48 is not easy.

At times, I have the impression that my behavior resembles that of a 12 year old child who is locked in a room and who, in an effort to escape, desperately throws himself at each of the four walls all the while knowing that there is no escape. And yet the child tries to escape. It's a perfect illustration of the Myth of Sisyphus. A couple of days ago, in an effort to cheer myself up, I decided to listen to some Edith Piaf. As I listened to her sing "Non, je ne regrette rien" I said to myself: "Oui, j'ai des regrets."

I am so tired of this cloud that has been over my head for a couple of years! When will the sun shine through again? As deranged as it sounds, I can't imagine how I could survive all this were it not for "mes cheres poules." They are the only normal thing in my life at present and the only source of pleasure that appears to be open to me.

Given all of the preceding, I have not been able to write to anyone. I have even more or less stopped keeping a journal (which I have been doing for about 15 years now).

I'm sure that you are having a grand time with your house. Virginia Woolf's A ROOM OF ONE'S OWN comes to mind. I think that's a good part of my present problem: I have no "room of my own" (even though I have my own bedroom which, as it turns out, belongs to me about as much as a public sidewalk does.) If you don't have a room of your own, you have no self confidence.

The canopy and the iron railing are nice embellishments. After having had to put up with people in the next apartment for so many years, you are surely luxuriating in the privacy that is now yours.

The one bright spot in my life at present: I am teaching Humanities again this summer at Penn State (I may be teaching two sections in the Fall). Not very much money, but it's good for the ego (what little I have left). I added one more book to the book list for the course this summer: KING RICHARD THE THIRD. I loved teaching it and the kids loved it. I rented the Olivier movie and showed it in class and half the class was in tears when Richard met his end on Bosworth Field. All the while I was teaching the play, all I could think about was my Shakespeare mentor, SWG. If my two sections materialize for the Fall semester, perhaps I could persuade you to be a guest speaker when we are going over KING RICHARD THE THIRD. Such an unbelievable play! (as you know much better than the rest of us), I shall always be grateful to you for having opened the door to Shakespeare for me. The final exam in the course is tomorrow morning.

852

We have created a very beautiful flower garden in the front yard here: very geometric and formal, with lawn pathways between the various flower beds. Right now the Aurelian lilies and Delphinium are in bloom and it is very beautiful.

Be assured that no awkward chasm has opened between us. When the clouds finally part, I will be myself again. I can hardly wait.

Robert McNamara  
High School Principal

Robert Keyes  
Elementary Principal

Dear Candidate:

Each year the Susquehanna Community High School accepts applications for substitute teaching. Possession of a Pennsylvania teaching certificate that includes secondary grades (7-12 or K-12) is required for substituting in grades 7-12, except in emergencies.

If you are interested in substituting in our school during the school year, please complete the information below. Return this letter and a copy of your Pennsylvania teaching certificate unless your certificate is already on file. You will be notified of a personal interview if necessary.

The normal school day is from 8:10 A.M. to 3:25 P.M. Substitute teachers are expected to perform all assignments and duties of the regular teachers including: homeroom, corridor duty, laboratory duty, lunch duty (paid) and afternoon bus supervision. The rate of pay for substitutes is sixty (\$60.00) dollars a day.

Sincerely,

Robert G. McNamara  
High School Principal

Please complete and return with teaching certificate to the High School Office

Humanities 001: Section 2, Summer 1992, Final Exam  
Dr. S. Robert Powell, Penn State University: Worthington Scranton Campus

A. ESSAY QUESTIONS (70% of exam grade). Answer questions 11, 12, 14 and four other questions in Part A.

1. Aeneas and Meursault are both heroes. In what important ways are they alike? In what important ways are they different?

2. One of the important lessons taught by Ecclesiastes is that man is to seize the day ("carpe diem"). In his own way, Meursault "seizes the day." In what ways are Meursault's responses to the present different from those advocated by the book of Ecclesiastes?

3. What would Meursault's response be were he to read Dante's INFERNO? Aristotle's ETHICS? Justify your response.

4. What is the Myth of Sisyphus? Identify and describe briefly at least four different behavioral patterns in THE STRANGER that can be seen as illustrations of the Myth of Sisyphus.

5. What role is played in THE STRANGER by ordinary empirical reality (sun, wind, rain, textures, smells, physical sensations, etc.)?

6. What role does memory play in the "absurd" world in which Meursault finds himself?

7. Outline the principal philosophical tenets of existentialism as defined by Sartre. Illustrate your answer with examples from NO EXIT.

8. Enumerate some of the physical qualities of Sartre's "hell" in NO EXIT. Compare Sartre's hell to either Dante's hell or Virgil's hell.

9. Describe how, for Estelle, Inez, and Garcin, hell is other people. To what extent do the characters in NO EXIT interact among themselves? To what extent do the characters in Dante's hell interact with each other?

10. To what extent does the world of "down there" exist in Sartre's hell? Describe briefly some of the glimpses of "down there" in the hell posited by Sartre. What is the effect on the characters of those glimpses of "down there?" Explain.

11. The humanities are a spatially and temporally situated record of how we, Homo Sapiens, have tried to make moral, spiritual, and intellectual sense of the world. They are a record of how we have understood experience. Basing your answer primarily upon the texts that we have read in this course, what are some of the fundamental and perennial questions that are asked by the humanities? Explain.

12. In studying the humanities (history, literature, the arts, philosophy), we seek not geometric proof and quantitative measure. Rather, we seek insight, perspective, critical judgment, understanding, discrimination, an understanding of the creative process. The study of the humanities, in other words, leads beyond functional literacy and basic skills to the development of intellectual vision. the

study of the humanities makes a distinctive mark on the human mind: through the study of history we acquire the ability to disentangle and interpret complex human events; through the study of literature and the arts, we acquire the ability to distinguish the deeply felt, the well wrought, and the continually engrossing from the shallow, the imitative and the monotonous; through the study of philosophy we sharpen the criteria for moral decision and warrantable belief. Basing your answers primarily upon the texts that we have read in this course and using those texts and material presented in those texts as examples, what are some of the things that you have learned from your study of the humanities?

13. In the soliloquy with which KING RICHARD THE THIRD begins, Richard III sets forth his reasons for his actions in the course of the play. What are those reasons? Briefly describe the political/dynastic context in which the events of the play are situated.

14. Richard III murders or causes the death of no less than five persons in the course of the play, and yet we, the spectators, are on Richard's side. We become, it can be argued, co-conspirators with him as he murders his way towards the crown of England. How does Shakespeare make us sympathetic to Richard III and his objectives? What do we learn about ourselves for having taken sides with Richard III? What is "the moral of the story"?

15. Is Richard III a hero? Explain.

16. Describe the structure of Dante's hell. What are the primary divisions? What "beast of worldliness" is associated with each division? What circles are in each division? What percentage of INFERNO is devoted to the sins of each beast? What is Upper Hell? Lower Hell? Which of the circles of Dante's hell have the most complex structure. Where are the worst sinners to be found?

17. Explain the law of symbolic retribution which governs Dante's hell. Give at least three specific examples thereof.

B. IDENTIFICATIONS (14% of exam grade). Identify briefly 28 of the following:

1. Acheron
2. Charon
3. the Great Citadel
4. Minos
5. Cerebrus
6. Centaurs
7. Phlegyas
8. the River Styx
9. Dis
10. the Minotaur
11. Phelgethon

12. Nessus
13. Phoenix
14. Geryon
15. Malebolge
16. Simoniacs
17. Caiaphas
23. Bertrand de Born
24. Nimrod
25. Antaeus
26. Cocytus
27. the River Lethe
28. Harpies
29. Wars of the Roses
30. House of Lancaster
31. House of York
32. Plantagenet dynasty
33. Tudor dynasty
34. Henry Tudor, Earl of Richmond
35. Battle of Bosworth Field
36. the Myth of Sisyphus
37. Thomas Perez
38. Marie Cordona
39. Salamano
40. Raymond Sintes

C. SHORT ANSWERS (16% of exam grade). Answer 8 of the following questions:

1. Shakespeare wrote KING RICHARD THE THIRD, a play in ..... act(s), most probably between ..... and ..... The play is about historical events that took place between ..... and .....
2. THE STRANGER is a ....., written in ..... that was published in ..... in .....
3. NO EXIT by Jean-Paul Sartre is a ..... in .....act(s), written in ....., that was first performed in (month/year).....in ..... (Optional: the theatre in which the play was given its premiere is the .....).

4. INFERNO contains .....cantos, and was published in ..... The events described therein take place during .....week, in the year .....
5. What is a soliloquy? Cite several examples in KING RICHARD THE THIRD.
6. Give a brief biographical sketch of Joseph Garcin, Estelle Rigault, and Inez Seranno.
7. Describe briefly the situation that leads to the journey taken by Virgil and Dante in INFERNO.
8. Describe the Central Pit of Malebolge in INFERNO and describe Satan's physical state/condition.
9. Describe Geryon's flight in Canto 18.
10. Why does Dante, on occasion, speak directly to the reader?
11. What is the inscription on the Gate of Hell in INFERNO? There are 9 lines to the inscription. Give at least the last line.
12. Why has Dante chosen Virgil as his guide? What role does Beatrice Portinari play in INFERNO?
13. Describe Bertrand de Born's state in hell.
14. Why is Sinon the Greek in hell? In what circle is he to be found? What is his punishment.

7/22/92 - Penn State, 11 A.M.

My Humanities I students are now taking their final exam. No one seems too stressed by the experience. They are a good group. We have all learned a great deal this summer. I am tentatively scheduled to teach two sections of Humanities this Fall and I fondly hope that both sections materialize: one in the day & one in the evening. It will mean a lot of running around but that is no problem.

Completed my Wayne County Fair entry form today: 35 standards and 28 bantams. This is my largest entry in a poultry show.

862

The fact that Cecil Rose will not<sup>2</sup> be showing birds means that there may be a few empty cages both at Haverdale and Harford. But that's fine. I imagine that many of the "regular" exhibitors will enter more than their usual number (as I have). Coop-in is two weeks from this Saturday, which is not far away to be sure. It will be great fun to attend every day. My birds are largely in good shape. I have had several in rough shape from the laryngotracheitis vaccination — and there are still a couple that are "not

get out of the woods." But that is fine. I only want to keep and breed from the strong and the resilient over and not from weak stock. The culling process is always under way and showing birds is an excellent occasion to do more culling. It is always good to have the detached and fresh eyes of a judge at one's service in the culling process.

I have done a lot of very careful culling but there are possibly one or two things that I have overlooked.

I am expecting the 1992 APA Yearbook to arrive

808

any day now and I am most<sup>4.</sup>  
anxious to see my article, ad  
and master exhibitor points  
listing therein. Also, a fresh  
issue of Poetry Press will  
be out next week and I  
hope to see an article by SRP  
therein. Bill Wueff said that  
my "Just for the Record" article  
would be published and  
I wish he would do so  
before I am driven crazy  
by further waiting.

I wonder when the fall  
semester begins at PSU?  
Hopefully not until after the  
Harford Fair.

7/23/92 - 10 AM - at my desk.

Yesterday was a good day. I had a very encouraging interview at Wal-Mart stores for the position of manager of the Garden Center. Fulltime position with a nice medical & insurance package to go along. I will accept an offer if it comes my way. On my way home from that interview, I stopped at the Unemployment office to find out the status of my "claim" for emergency unemployment benefits. My claim has been approved and I should get a check for \$291 for the week ending 7/11/92 and every week thereafter for 20 and maybe 26 weeks. That would carry the day through

866 2.

the end of Calendar year 1992.

Not bad! The basis of my claim is the 6-month salary of SRP at Susquehanna University — which was \$15,000. If I receive all 26 weeks of emergency unemployment (and the only reason I will not will be a job offer from Wal-Mart), I will receive no less than \$15,000 in unemployment benefits.

It's hard to believe, but I will surely not fight the system. I will have to pay taxes on those unemployment benefits and so I must immediately put away about \$4,000 to pay the state and Federal taxes on the claim on my taxes in April 1993.

867 3

DWP will file an application at Wal-Mart today. Hopefully they do not have any rules and regulations about two members of the same family working for the same store.

Today I must mark my final exams from Penn State and read all their term papers. The grades must be turned in tomorrow.

I will order today a Proof Silver Dollar commemorating the 200th anniversary of the laying of the Corner stone of the White House on October 13, 1792. The coin will be a Christmas present, 1992, for DWP II.

7/23/92 - 5 P.M.

868

SRP's application for emergency unemployment compensation has been approved officially - praise the Lord. I had a session there this afternoon and now all is set. I will have "mail in" claims until at least September 30th, when I will have to go back in the office and re-initiate the mail-in claims. But the claim is perfectly in order and there will not be a problem in my receiving the complete "emergency" benefits. I must say that I am very relieved to have my financial lifeline to the government all in perfect running order - once again.

869

As beautiful as the home it honors. The coin's obverse depicts the graceful lines of the north portico of the White House. The reverse features the bust of James Hoban, the original architect of the White House, in front of the elegant main entrance he designed. And your purchase of the coin will help preserve the White House's beauty and history, because for each coin sold, \$10 will be paid to The White House Endowment Fund—a permanent source of support for the White House's fine art, historic furnishings and public rooms.

Orders must be postmarked no later than August 28, 1992 to qualify for a Pre-Issue discount. Please remember, supplies are limited.

Proof version, shown here, comes in this handsome presentation case. Uncirculated version (not pictured) arrives in a gift box.

For DWP II for Christmas  
 1992

## A Celebration of Elegant Simplicity.

### As distinctive as the home it honors.

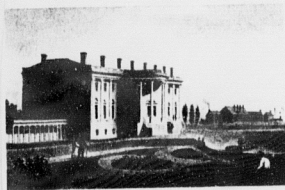

To pay tribute to the White House on its 200th anniversary, the U.S. Mint, by Act of Congress, has created a very special silver dollar. In fact, with a maximum authorized mintage of just five hundred thousand coins, The White House 200th Anniversary Coin is the lowest authorized mintage figure for a commemorative silver dollar in nearly 100 years—since the Lafayette Silver Dollar of 1900.

Of course, mintage is not the only benchmark against which great coins are judged. To become a classic, a coin should also be aesthetically pleasing.

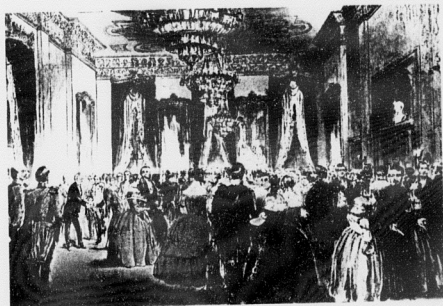

### As beautiful as the home it honors.

The White House Commemorative Silver Dollar is a stunning addition to any collection. The coin's obverse depicts the graceful lines of the north portico of the White House. The reverse features the bust of James Hoban, the original architect of the White House, in front of the elegant main entrance he designed.

Both proof and uncirculated versions of The White House 200th Anniversary Coin are available. Proof versions of this coin are struck multiple times from highly polished dies, a process which highlights the intricate details of the coin against a mirror-like background. Furthermore, the proof version offers you the added advantage of being the first proof silver dollar commemorative to bear the West Point mint mark.

An 1824 engraving. A simpler time when sheep grazed on the White House lawn.

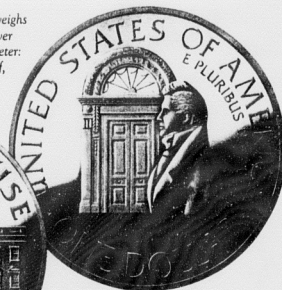

Engraving from the 1800s. Social function in the East Room.

By purchasing this silver dollar, you're not only commemorating the White House's 200th anniversary, you're helping preserve its rich legacy for future generations. For each coin you buy, a ten dollar surcharge will be paid to The White House Endowment Fund. This fund will be used as a permanent source of support for the White House Collection of fine art and historic furnishings as well as the maintenance of the historic public rooms of the White House.

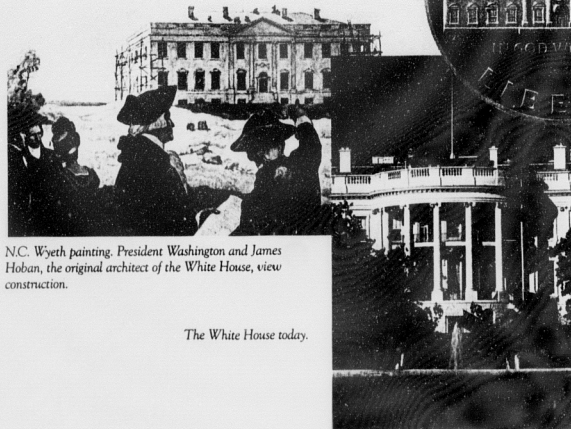

871

This legal tender silver dollar coin weighs 26.73 grams. Composition: 90% silver (76 troy ounce), 10% copper. Diameter: 1.500 inches. Mint and Mark: Proof, West Point ("W"); Uncirculated, Denver ("D").

Coins enlarged to show detail. Designs depicted are renderings of the White House 200th Anniversary Silver Dollar Coin and are

subject to slight modification prior to engraving.

N.C. Wyeth painting. President Washington and James Hoban, the original architect of the White House, view construction.

The White House today.

### Protect against a sellout. Order today.

Due to The White House 200th Anniversary Coin's appeal, and its authorized mintage of only 500,000 coins, a quick sellout is possible. Plus, if you order before August 28, 1992, you'll receive the special Pre-Issue discount. Don't miss this opportunity. Order your White House 200th Anniversary Coin today.

**Orders must be postmarked no later than August 28, 1992,  
to qualify for the Pre-Issue discount.**

47 Jeffrey Circle  
Dayton NJ 08810  
February 29, 1992

Dear SRP:

The enclosed column from the *New York Observer* made me think of you, because of the reference to the WNCN Listeners' Guild, so I thought I'd pass it on. Thomas writes an incredibly literate, sometimes wonderfully acerbic column, so perhaps some of the rest may interest you too.

I've been wondering how you are. I hope you find your time profitably occupied, in whatever sense of the word.

Christine and I are getting acclimated to our new climes. We're now both bicycling to work, I nine miles to the Princeton Junction train station and thence to New York on the rails, and she seven miles to Merrill Lynch. I've been leaving before dawn (it's lighter and lighter when I leave now) and light my way with a rechargeable headlight, an appliance we both need for our way back.

I am just finishing writing a grant for school to qualify us for our eighth-year of Federal funding to finance our national replication effort. There has been a great deal of politics involved in my getting and perhaps also keeping the job of coordinating this piece of school business. I won't bore you with the details, but there's been quite a bit of education in it for me.

Christine likes her job, but, again, she finds herself in a thicket of office politics. That's life, I guess.

I have not been engaging in any of the higher cultures, though in our new living room the stereo (bum speaker recently having been fixed) sounds pretty good and we've been listening to some music. We've been here a little over a month and during that time we haven't had much time to get around. We've managed a little cycling on the weekends -- a busman's holiday, quite! -- but not much else. Nothing tacked on the walls, yet, either, and still some cartons laying around.

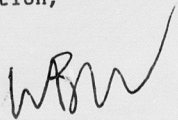

Anyway, I wanted to say hello, just to keep in touch. Have you heard anything from Scully -- correct name -- anent the renovations at Solomon? Perhaps you noticed -- or didn't care -- that Henry Kaufmann got himself out real early, probably sensing that there was wrongdoing he did not want himself associated with.

819

Christine is calling me for dinner. There will always be more to say. But I do -- we both do -- hope you're well, which includes the entire clan: Mom, Dad, Donald, your nephews, and, most importantly, the chickens.

With affection,

I remain,

A handwritten signature in dark ink, appearing to be 'W. R. M.' with a long, sweeping flourish extending upwards and to the right.

880

July 23, 1992

Mr. Everette Foland  
Box 183, River Street  
Central Bridge, NY 12035

Dear Mr. Foland:

Thank you for the post card invitation to make a donation for a favorite breed or breeds at the 1992 Eastern New York State Poultry Association show, to be held at Cobleskill on September 26-27, 1992

Enclosed is a check for \$10.00 for the following "special":

\$10.00 for Champion American, in honor of Dan Bristol, from  
S. Robert Powell, Carbondale, PA

I look forward to the show, and I think that the idea of a two-day show is a very good idea.

Since it is going to be a two-day show (which means that the judges will have plenty of time to do their job), I wonder if you have considered the possibility of having coop-in time put at 9:30 A.M. or maybe 10:00 A.M. It would certainly make it easier on those of us who will be traveling a long distance to the show.

Sincerely,

*S. Robert Powell*

7/25/92 - Mom is making tuna fish salad for lunch; Dad is mowing the fairways/lawn with the gang-mower & the jeep; DWP is at his desk; DWP II & SRP have just returned from a cleaning session in the barn/hen house and are having coffee in my bedroom as Tchaikovsky's Orchestral Suite #3 plays. Tipplers in the air; the "beni" out and about in their yard - all in well with the horses.

WBW phoned last night at 8 P.M. and we had a nice Chat: he received my letter of a couple days ago & decided to phone. They invited me down to their place for a weekend - Whenever I can get away.

This afternoon I will drive to  
Eekdale and see what is going on  
with the Cemetery there. I hope  
that Clyde Seavann has cut the  
grass. I received an annoying  
letter from Kathryn Wells yester-  
day in which she reported that  
that someone had reported to  
her that the grass was very  
high in the Cemetery - very  
probably Walter Whengreen who,  
she reports, is interested in  
cutting the grass in the  
Cemetery. I shall see what  
Clyde's position on grass  
cutting is. I don't like the  
idea of someone "tattling" on  
Clyde /SRP. If they have  
something to say, they should

say it to me directly. I'm sure that Walter Wehngreen wants the job and the money and that is why he is complaining to Kathryn Wells about Clyde's performance. I'll know more about the situation this afternoon after my visit to the Seaman's farm. I will take a pint of "Rhubarb Conserve" to them since they gave me some rhubarb earlier this summer. I will also find out if Alvin is interested in the bay here - first, I must find out from Dad if he has any plans for the bay.

884

Mom & Dad  
attended the  
performance on  
7/26/92.  
They had  
a grand  
time.

Carbondale, PA.  
18407-9706

Dear Robert,

I want to thank you for the donation to our show. The special honoring Dan is very thoughtful of you, he is well deserving of such an honor. I always liked the way he judged, he always seemed to look the birds over very careful before he picked his winner. As for cooping in time we changed that this year to a later time, which is 10.00 Saturday morning. Then if some one is still cooping in by the time the Judges start, we will stay away from breed and do others that are all cooped in. Will see you in Cobleskill in Sept.

Sincerely,

*Everette Foland*

9910 S Sheridan #512

Tulsa, OK 74133

Dear Mr Powell,

I received a letter yesterday, in regard to the condition of the Oldale Cemetery. It stated that it would take a mowing machine to cut the grass.

I know that when I was there the grass was very high. But I thought it was because of the rain we had gotten at that time.

Perhaps it would be a good idea to ask Walter Hergren to cut the cemetery. His wife has relatives buried there so they would have some interest in it.

Is there a money problem at this time? And how did you make out at Montrose?

Thanking you for your interest,  
Lathyn Stalls

892

July 30, 1992

Dear Mrs. Wells:

Thank you for your recent letter about the Elkdale Cemetery.

All is well at the Elkdale Cemetery. It has been very rainy here this Summer and it has not been easy for Clyde Seamans to get the grass cut exactly on schedule. The July cutting was delayed by a couple weeks because of the rain (but it will not require a mowing machine to cut the grass). I was at the Seamans' farm on Saturday the 25th of July, and Clyde assured me that he would get right at the cutting. Two days after I spoke to Clyde about getting the grass cut in the Cemetery, I received your letter. I haven't been by the Cemetery this week, but I would guess that the grass has been cut in the course of the week. We are having a problem with the Cemetery's "week wacker" and it will, I think, be necessary to buy a new one (probably about \$75). There is not a money problem at the Cemetery. Thanks to the trust fund, the Cemetery's financial needs should be taken care of forever.

The Cemetery gets cut once a month, which means that following wet spells and in the early Summer, the grass is not always as short as the average well trimmed front lawn. But the Cemetery does get cut, and as long as I am in charge of it, it will get cut. Maybe the solution to the problem with tall grass would be to have the Cemetery cut at least once every three weeks in the Spring and early Summer and then slack off a bit in late Summer and Fall and cut it once every four or five weeks. That way, there would be enough money to get the job done.

Thank you for suggesting Walter Whengreen to cut the Cemetery. If Clyde Seamans does not do a good job, I'll speak to Walter Whengreen.

I made out just fine at the courthouse in Montrose. I found what I was looking for. There will not be a problem. The Elkdale Baptist Church of West Clifford knows that the Cemetery does not belong to them. I haven't heard a thing in a long time about the Church's efforts to get a clear title on the Church building and grounds. That's a matter that will have to be sorted out between the McAlla family and the Elkdale Baptist Church of West Clifford. Thank goodness the Cemetery does not have to get involved.

Sincerely,

*S. Robert Powell*

July 28, 1992

Ms. Nancy Farmer  
32748 Indian Guide Road  
Squaw Valley, CA 93675

Dear Ms. Farmer:

The 1992 AMERICAN POULTRY ASSOCIATION YEARBOOK arrived today. It is a beautiful publication. Congratulations to you and the other members of the Yearbook Committee on a job very well done.

I was very upset when I discovered that the article ("Be There, And Show Your Birds") that I wrote for the 1992 APA YEARBOOK was not published therein.

Possibly the article is too long? (If that is the case, I could have easily shortened the article at your request.) Possibly you concluded that the references to the APA Semi-Annual Meet and Convention in Dalton, GA on March 7-8, 1992 and the ABA Semi-Annual Meet and Convention in College Station, TX on March 21-22, 1992 made the article out-dated before it was published? (If that is the case, those specific references could have easily been deleted from the article and the article could have been focused in terms of "all Semi-Annual and Annual meets of the APA and the ABA...") In either case, I could have easily made revisions since the article was in your hands no less than six weeks before the deadline for receipt of articles for the YEARBOOK. I would be very interested to know, in any event, your thinking on the matter.

The article is, I think, VERY enthusiastic in its support the APA. In the past five years, no less than 10 of my articles have been published in POULTRY PRESS and in those articles and elsewhere, whenever appropriate, I always promote the APA. Given the fact that I also refer to the ABA in "Be There, And Show Your Birds," (intended for publication in the APA YEARBOOK), I thought it wise to discuss the matter with Bill Holland before sending you the article. A copy of Mr. Holland's letter to me of 12-26-91, in which his positive comments on the article are stated, was included with the article when I mailed it to you on 01-10-92 (a copy of Mr. Holland's letter is also attached hereto). I enclosed a copy of Mr. Holland's letter when I mailed in the article, not because I was trying to leverage your decision on whether or not to publish the article. Rather, to demonstrate to you that I am conscientious, prudent, and thorough in my effort to promote the AMERICAN POULTRY ASSOCIATION. In addition to sending the article for review to Mr. Holland, I also sent copies to two other APA judges and asked for their comments. Like Mr. Holland, they felt that the article was right on target.

My position with regard to the APA is, I think, very clear. Shortly after the Endowment Trust was established by the APA, I became a life member (#102). I am a strong supporter of the APA and always promote the organization, especially to fanciers who are not members of the APA but who should be--and certainly all persons interested in exhibition poultry should be members. In the space ad that will accompany a forthcoming article in POULTRY PRESS on the

897

- 2 -

Buffalo and Western New York Show on 05-17-1992, for example, I have placed the following space ad:

"In Buffalo, NY, on February 15, 1873, the American Poultry Association was organized. If you are not now a member, you should be."

In the space ad that will accompany a forthcoming article in POULTRY PRESS on the Finger Lakes Feather Club's show on 06-07-1992, I have placed the following space ad:

"Without the American Poultry Association, we would not have the AMERICAN STANDARD OF PERFECTION, and without that book we would not all be aiming at the same standards. If you are not a member of the APA, you should be."

My support of the APA YEARBOOK has been consistent. The 1989, 1990, and 1991 issues all contain articles that I wrote. In addition, my support of the APA in the form of advertizing in the YEARBOOKS is also good: full-page ads in both the 1991 and 1992 YEARBOOKS. In 1991, I also took out a quarter page ad on my local poultry club's full-page ad in the APA YEARBOOK.

Before the recent APA election, I contacted virtually every APA member that I know and reminded them to make sure that their ballots were mailed in on time.

Why am I telling you all this? For the very particular reason that I feel that I have done/am doing/WILL CONTINUE TO DO my fair share (AND A LOT MORE) to support and promote the AMERICAN POULTRY ASSOCIATION and I have the feeling that I am being brushed aside as unimportant. It is not a pleasant feeling.

Sincerely,

*S. Robert Powell*

S. R. POWELL

7/28/92 - 10 P.M.

Late this afternoon and early this evening I put up seven quarts of Mom's Bread & Butter Pickles.

The recipe is not complicated & yet it is an excellent recipe. The house is now filled with the wonderful aroma of canning.

Very few things in life give me as much pleasure as canning does. I will go at it fairly deliberately this summer and fall.

I hope to have large quantities of tomatoes for juice & sauce by the fall. On 5/29, I made 3 pints of Rhubarb Consomme; on 5/30, I made 8 more pints. I gave a pint to Sandy & Alvin Seaman on 7/25 and they were very pleased by the present. That is one of the

best parts of the canning experience - i.e., giving away as presents things that I have put up myself. They are always very well received.

I wrote a very direct letter to Nancy Farmer today and I must say that I am feeling a bit better about the fact that my excellent article ("Be There, and Show Your Birds") was not published in the 1992 APA Yearbook. It is so very taping to have to put up editors who have the "sound byte" mentality. They invariably find my articles too long

and complicated. I will not  
 be slowed down by Nancy Farmer's  
 obtuseness. If she doesn't  
 respond to my letter in a couple  
 of weeks, I will send copies  
 of my letter to Bill Holland  
 and others and really put  
 her on the spot. Who does  
 she think she is dealing with?  
 I am not about to be  
 intimidated by her narrow  
 approach to the world. I  
 will keep at her continually.  
 The same goes for Bill Wulff  
 and Poetry Press. The August  
 issue of PP will be out this  
 week. I hope it contains one  
 of my articles.

7/31/92 - 3 P.M.

Dr. Sherbine phoned me yesterday afternoon at about 5 P.M. Mom took the message. I tried to call him back when I came in a few minutes later. He had left for the day.

Today DWP & I went to PSU to pick up our pay checks and I went in to see Sherbine. He reported that a Mrs. Mc Geaghan, who teaches Humanities at PSU, had moved from the area. My heart "skipped a beat" (possibly the expression I am looking for is "stood still"). Would I, he asked, be interested in teaching another section of the Humanities? "With the greatest pleasure," said I. We checked the schedule.

the class meets in 18 Dawson  
on M-W-F at 2 P.M. — prime time —  
and there are now 29 students  
enrolled in the class! What  
wonderful news! I am over-  
joyed. The evening section of the  
humanities that I am already  
scheduled to teach now has  
an enrollment of 5 and Bruce  
said: "I have every reason to  
believe that the class will  
materialize." I virtually floated  
out of the office. I could start  
tomorrow if necessary. Everything  
is all set, since I have just  
finished teaching the course, and  
I now have all the wrinkles  
ironed out. It should be a  
wonderful experience — for the

students and for SRP. I'm not sure of the day that classes begin but I know that it is the week following the Harford Fair, which is perfect. DWP also teaches at 2 PM on MWF — just down the hall from SRP. I imagine that we can ride with each other. We shall see. I can substitute on Tuesdays and Thursdays, since my class does not meet until 8 P.M. on those days.

August is always a busy month and this year will be no exception:

[ Wayne county Fair 9-15th  
 Harford Fair — 16-22nd  
 Grained Reunion — 15th  
 Clinton Center Pioneer Day — 23rd

It was on Friday, August 2nd, of  
 1991 that Dr. Sherbine asked me  
 to teach the evening section of  
 the Humanities — almost a year  
 ago to the day. What a grand  
 keynote for the month of August.  
 I <sup>have</sup> made all the arrangements for  
 my day trip to NYC on 8/8. I  
 will travel via "Jo-Jo's Traveler",  
 which is the only way to travel  
 to NYC, round trip, for \$14.95 —  
 most surely a savings of about  
 \$50 on transportation over the  
 commercial bus lines. Leave  
 Dunmore 7:30 AM; leave NYC,  
 7 P.M. I'll spend the day with  
 Janice (Carter) Glaser & family.

# Schroeder Brimming Over With Enthusiasm for Fair

Story and Photos by John Ogozalek

HONESDALE, PA — 79-year-old George Schroeder is brimming over with enthusiasm as he drives across the now empty Wayne County Fairgrounds.

As many as 70,000 fair-goers are expected to come to Honesdale, and Schroeder is the man responsible for making the whole show come off without a hitch.

President of the Wayne County Agricultural Society, he can remember how it felt to walk the same ground back in 1923 when he was a boy exhibiting prize pigeons. And like a boy who has woken up in a real life model train layout, he savors the joy of mapping out roads, rearranging buildings and creating a fun, fantasy world.

"We're going to have — I don't want to brag — we're going to have a county fair that's better than any," Schroeder says.

Every fifty yards or so he gets out of his station wagon to inspect one of the many building projects going on at the fair. Like an old time politician he's a dynamo at every stop, pumping hands with workers, schmoozing with the "fair people."

"They're fair people. They're

dedicated. They think and dream about how they can make the fair better. They're....devoted," Schroeder says after searching to find the perfect word.

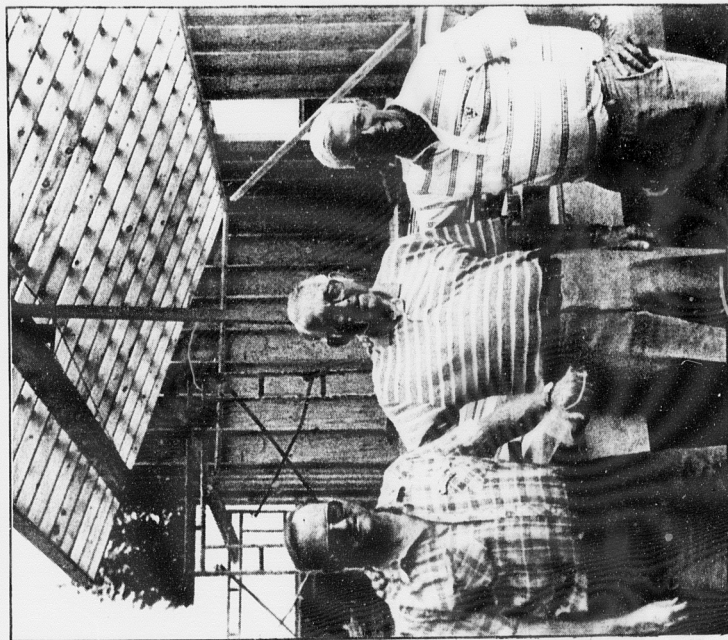

Newly paved roads, buried electrical lines, fancy signs that will "dress it up a bit" — everywhere he looks, the fair's president can rattle off improvements being made as well as the names of the workers who are making it all possible.

"If we didn't have these volunteers, there'd be no Wayne County Fair. Wait'll I show you this baby," he said, veering his car off towards a massive wooden structure balanced on four tires. "It's being built by our boys."

Last January fair organizers found out that they could no longer borrow Monticello's portable stage. Immediately the volunteers went to work, Schroeder recalls. And what resulted is a 32 by 22 foot mainstage that can be pulled up in front of the grandstand like a small house on wheels.

One of the other, most obvious changes this year might seem drastic to longtime fair-goers but Schroeder promises that the

*Continued on 4W*

**Building for the Future**

One of the most impressive additions to the Wayne County Fair will be this mobile performing stage, built with the help of volunteer labor. Pictured, from left, are Joe Schweighofer, one of the fair's directors; George Schroeder, president of the fair; and John Firmstone, who serves as first vice-president and director.

*Continued from 3W*  
 improvement is worth the effort.

Down past the carnival rides workers ripped out an old cow barn as well as the judging area. In its place they added a 60 by 40 foot section onto barn three and an entirely new, 60 by 150 foot barn four for the dairy competition. Judging will take place in front of one barn while future plans call for the demolition of yet another old barn, which will be replaced with a 90 by 120 foot metal enclosed arena that could possibly be used year round.

It's momentum that's allowing the changes to be made, Schroeder says. The more people who buy tickets, the bigger the improvements that can be made the next year. Schroeder points out that in 1962, the fair's hundredth anniversary, paid attendance was 22,000. Last year, it broke 70,000 and even more publicity this summer is expected to draw a record number of fairgoers.

"We have a better fair this year. You can see what we've done, and we still have the \$5, pay one price. All we need is the weather," he notes.

While they can't detour storm clouds, Schroeder and his "committees" have tried to anticipate just about everything else including 15 new "Job Johnnies" or portable restrooms that have been strategically located around the

fairgrounds and discreetly shaded behind elaborate landscaping.

Other "little touches" being made by the volunteers and the two paid workers include a resurfaced demolition derby area and bright new signage. Schroeder credits local resident Mike Vonson for his "great contribution" in helping create a giant welcoming sign that will surely be noticed by everyone attending.

A new electrical ticket booth, a pheasant pen, an apple pie contest and a spruced up rabbit area... Schroeder lists the improvements everywhere he looks, savoring the changes like an inch of icing on a big chocolate cake. It's been more than 40 years that he's been associated with the leadership of the fair. And he doesn't seem to regret a moment of it.

"They're a great bunch. They really are," he says of his 'fair people.' "I'm really proud of them."

August 1, 1992

Mr. S. Robert Powell  
R.D. 1 - Box 40  
Carbondale, PA 18407

Dear Mr. Powell:

On behalf of President Joab L. Thomas, with the concurrence of Susan Welsch, Dean of the College of Liberal Arts, and Dr. Robert E. Dunham, Senior Vice-President and Dean of the Commonwealth Educational System, I am pleased to offer you a position as Part-Time Lecturer for Fall Semester, 1992, assuming sufficient enrollment. Listed below are the specifications of this appointment beginning August 26, 1992 and ending December 19, 1992.

Course: HUMAN 001-03 M,W,F; 2

Salary: \$1665.00

Enclosed are two copies of a Memorandum of Personal Service. Please sign one and return to Dr. K. Bruce Sherbine, Director of Academic Affairs, as soon as possible to facilitate payment: you may keep the other copy for your records.

Federal regulations require U.S. employers to have a completed I-9 on file verifying an individual's identity and eligibility for U.S. employment. You will need to present documentation substantiating your identity and employment eligibility by completion of the I-9 form. If you have not completed this form, please contact the Academic Affairs Office at 963-4757.

If you have not been employed by the University in the past, it is also necessary for you to sign the University Patent Agreement, Form A, and complete the Affirmative Action Card and Biographical Data Form.

I look forward to welcoming you to the faculty and hope that your association with Penn State will be mutually satisfying and productive.

Sincerely,

James D. Gallagher  
Campus Executive Officer

MEMORANDUM OF PERSONAL SERVICE

Fixed Term II (Teaching) or Visiting Appointment (not eligible for benefits)

The President of The Pennsylvania State University has approved your appointment to the faculty of the University as follows:

Name S. ROBERT POWELL  
Social Security Number 198-34-0586  
College or Department LIBERAL ARTS  
Rank and Title PART TIME LECTURER  
Period of Appointment From 8-26-92 to 12-19-92 No. of Weeks 15  
(date) (date)  
\*Salary for Period of Appointment \$3330.00

The terms of this appointment are limited specifically to the teaching of

HUMAN (course name) 001 (course no.) 01, 03 (section(s) no.) 6 (credits)

This appointment is contingent upon the section(s) specified above being offered. In the event the section(s) is cancelled you will be notified by 8-26-92 that this appointment is being withdrawn.  
(date)

This appointment is not subject to the terms of the University tenure policy.

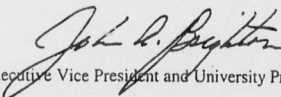

In accepting this appointment, you agree to abide by the regulations in force during your employment at the University with respect to the patenting of discoveries or inventions resulting from research.

Misrepresentation of vitae information can be cause for termination of employment.

**NOTE:** This appointment can be terminated earlier by either party upon notice, in accordance with University policies.

If you agree to these terms of your appointment, please sign on the line below and return the original as specified in the letter of offer.

\*Complete a separate form for each course name.  
Multiple sections of the same course may be included on the same form.

9/6

It always feels good "to make some improvements", whether it be in the flower garden, one's room, the hen house or wherever. Yesterday afternoon re-structured the small cages in which are housed most of the young Chicks, as well as some bantam roosters. The cages are all about 4' from the floor and all have very direct access to the morning sun. At present, there are 11 cages of birds luxuriating in the intense morning sun. Altho very good for their health, growth and development.

Chicks hatched late in the year (April-May) seem to be more of a problem to raise than early hatched Chicks. Maybe it's because there are more bacteria/virus/ and what have you that can cause the Chicks to be under the weather.

917 2.

Given my projected very busy August schedule, if I don't get going and produce another FTA Bulletin this week, I probably won't get around to doing one until late in the month. Therefore, I will produce an FTA Bulletin in the next couple of days. It should be a fairly straight forward process.

I have a lot of material — also several pictures / photos to illustrate the text. I believe that I will include a photo of SRP in this issue. It will be the photograph that appears in the 1992 Harford Fair Premium List; also on the back of my VISA card. It's a good, serious photograph of SRP the intellectual.

918  
8/3/92

Dear Jesse,

Thanks for your inquiry about  
my Oryzomys, Minors and  
Partridge Rocks.

I may have chicks or eggs  
available in the early Spring,  
but it's hard to say for sure at this  
point. If it looks like I'll  
have some available, I will  
contact you.

I have some very nice young  
birds that are just now  
starting to show adult type,  
and I am fairly optimistic  
about the Fall and Winter shows.

Sincerely,  
S. R. Powell

919

Dear Mr. Howell

I found you all in the A.P.A. Year Book  
and am interested in more info on your  
poultry. I am interested in chicks or  
eggs in the fall or early spring for your  
Oringtons, S.C. B.K. Minorcas and Pouterge Rocks.  
Any info greatly appreciated.

Thank You  
J. Blount

---

**Judge decides  
on privacy case**

---

TRENTON — Although Rutgers University was admonished by a federal judge for publicly posting students' Social Security numbers, the court upheld the university's right to use the numbers for administrative purposes.

The decision, by U.S. District Judge H. Lee Sarokin, came in response to a lawsuit filed by six present and former Rutgers students, who claimed that the institution had violated students' privacy rights by misusing their Social Security numbers.

The suit, which asked the court to bar Rutgers from further use of the numbers, claimed that the uni-

versity had been careless in distributing the numbers, allowing them, for example, to be used on class rosters that could be circulated or posted.

In his decision, Judge Sarokin ordered Rutgers to stop allowing distribution of the numbers, saying the practice "allows any student to decode another student's grades, obtain a credit report, etc." But he affirmed the university's right to use the numbers for routine administrative functions such as billing and registration. He said banning their use would be a "dramatic disruption" to the business of the university.

In a statement, Rutgers said the university would continue to use Social Security numbers for certain functions but would be sensitive to students' privacy. ■

8/26/92

Dr. Sherbine —

Possibly the faculty at PSU should be cautioned about posting students' grades by using their social security numbers?

Robert Powell

Worthington Scranton  
Campus

120 Ridge View Drive  
Dunmore, PA 18512

August 10, 1992

Mr. S. Robert Powell  
R. D. # 1 Box 40  
Carbondale, PA 18407

Dear Robert:

Welcome back as a part-time faculty member for the Fall Semester at Penn State Worthington Scranton Campus. You will be joining a faculty of 44 full-time and approximately 38 part-time individuals, all dedicated to high quality instruction for our student body of 1200.

With this letter I am enclosing some important information for your use. Please read it carefully to assure that we get off to a good start. This year Mrs. Dempsey will handle the computer/paper personnel work (the important step which enters the data for your compensation!) and Mrs. Avery will assist you with requests for instructional supplies. Please don't hesitate to call on us if you should need assistance.

As you know, classes begin Wednesday, August 26. However, the first event for all faculty and staff will be on Tuesday, August 25. Please join us then for our ALL CAMPUS PICNIC at 5:00 p.m. in the picnic grove next to the Library on Campus. This informal gathering is a great way to meet new colleagues and greet old friends. Please RSVP by August 16 to 963-4757.

I hope that the new semester is a rewarding one for you and your students, and look forward to seeing you again.

Sincerely,

K. Bruce Sherbine  
Director of Academic Affairs

8/10/92 - 6 A.M.

I wake up early, very early, due to the excitement of "the Fair." We three took 61 of my birds to Honesdale yesterday in three "car" loads: trip one was made by me in the Renault and by PWP I & II in the jeep. Both vehicles were loaded full of birds. We got them in the cages and then returned here and got the remaining birds in the car. We went back to Honesdale and spent the day and early evening.

Two birds that I entered I was not able to show: the Malay cock died about a week ago, and the Self Blue Old English Game hen now has chicks. Not a problem. It is very frequently

not possible to show all the birds that one enters — for one reason or another. There are about 7 or 8 of my entries that are moulting very heavily and are not, clearly, in their best feather (yet). Everyone has the same problem. It's difficult to show birds in August — when many of them are moulting.

No birds from Cecil Rose and none from Richard Walworth at Honesdale. Cecil, of course, no longer has any birds; Richard has not yet mended the fence, so to speak. There are still hard feelings about his having withdrawn his entry a couple

years ago when Rev. Romig  
was allowed to show his  
birds at Honesdale. And so the  
numbers are down, especially  
on the standards, but the  
poultry building nevertheless  
appears to be very full - which  
is good. Except for my birds  
(says he, modestly) the quality  
of the standards is not  
very good. Many of Romig's  
birds are of poor quality. The  
judging begins this morning,  
probably before 8 A.M. Dr. Buns  
Bortner will judge and he was  
at the Fairgrounds yesterday.  
I am very anxious to see  
how he responds to my Barred

Rock and Single Comb Rhode  
Island Reds; also my standard  
White Wyandottes. I will do  
my "chores" here and then go to  
Haverdale to watch most of the  
judging. Since most of the birds  
are "on the road," this is an  
excellent opportunity to do some  
thorough cleaning and organizing  
in the hen house. It always  
seems so empty and quiet when  
the birds are at the fair. Not  
much crowing in the early  
morning here at home.

DW P II had a grand time on  
the rides at the Fair. I  
would guess that he went  
on about 10 rides; a special  
favorite seems to be a kind of

"padded cell" - a house shaped, canvas and rubber thing full of air. One jumps around and bounces up and down and around in the spring-y and rubber-y world. He went on the "ride" many times - and thoroughly tired himself out, but had a wonderful time. He will probably go to the Fair every day this week - and then next week at Harford. The "fair" comes only once a year and so one must seize the moment. For SRP they are an excellent opportunity to do some final sorting and culling before the Fall and Winter shows - which are the serious poultry exhibitions.

Aug. 11, 1992

Dear Mr. Powell:

I am ashamed to be so late in replying to your most interesting letter of May 5<sup>th</sup>. You made some valid points, so much so that I read it to the Little Rhody Bantam Club and they voted to write to both the ABA and APA to try and improve matters. We included a copy of your letter, omitting your name & address. We also sent a copy to Bill Wolff. So far, nothing, not even an answer.

We asked that consideration be given at the Board meetings of both associations and perhaps they will discuss it. Time will tell.

In the meantime I hope you read my last column about having fun and try to do likewise.

Sincerely,

Juanita Lee

## Court of Champions

Pictured above in the Court of Champions are from left top: parti color bantam- C.L. Campfield, Hawley; solid color large fowl- Robert Anke, Hawley; palomino sr. buck- Jim Bannon, Waymart. Bottom: solid color bantam- S. Robert Powell, Carbondale; parti color large fowl- Ralph H. Walker, Callicoon, N.Y.; Kormerner tumbler black magpie pair- Harold Smith, Jeffer-

sonville, N.Y. Under the leadership of Richard Laabs, the poultry and rabbit departments put together a fine exhibition for the Wayne County Fair this year. Over 350 chickens and bantams, 100 pigeons, 150 rabbits and 50 geese. In addition, turkeys, pheasants and pea fowls were also on display. Judges were Bruno Bortner, Hillroad, and Morgan MacDonald, Hop Bottom.

Board of Directors  
Carbondale Public Library  
Carbondale, PA 18407

Dear Board Member:

A work session for the LIBRARY PROJECT will be held on  
Tuesday, August 18, at 7:30 p.m. at the library.

This will be an opportunity for any project reports to  
be given. (Many projects are underway).

We need your attendance at this session. There are  
quite a few decisions to be made and your input is crucial.

Yours truly,

*Martin Langan*

## HARFORD AGRICULTURAL SOCIETY

"HOME OF THE HARFORD FAIR"

RR1 Box 4 Kingsley, Pennsylvania 18826

(717) 289-4405

TO ALL SUPERINTENDENTS:

A THANK YOU FROM THE BOARD AND THE OFFICE FOR THE JOB YOU HAVE DONE IN EACH RESPECTIVE DEPARTMENT. EACH YEAR SENDS US A DIFFERENT SET OF CIRCUMSTANCES AND EACH OF YOU ROSE TO THE OCCASION AND KEPT THINGS GOING SMOOTHLY.

I WAS OUT OF THE OFFICE MORE THAN USUAL DURING FAIR WEEK AND EACH OF YOU CAME IN EARLY FOR YOUR SUPPLIES AND EVERYONE WORKED TOGETHER. THE JUDGING SEEMED TO GO EXCEPTIONALLY WELL THIS YEAR.

WE APPRECIATE YOUR HELP AND YOUR GENIUNE INTEREST IN THE FAIR. THIS YEAR WE HAD OUR STATE PRESIDENT, WAYNE READINGER VISIT. ONE AREA HE WAS VERY INTERESTED IN WAS OUR SUPERINTENDENTS AND HOW THEY WORK WITHIN EACH DEPARTMENT. AS WE TALKED ABOUT WHAT IS DONE HE WAS AMAZED AT HOW WELL HARFORD FAIR WORKS TOGETHER. HE RETURNED HOME WITH IDEAS TO USE AT HIS HOME FAIR.

YOU INDEED MADE AN IMPRESSION ON ONE FAIRMAN AND MANY MORE AND WE THANK YOU.

*Phyllis*

*We thank you for such a good job + see that every thing seemed to go along very well. Please let me know any suggestions for next year. Bob would like judging on Tues instead of Mon -*

*pk*

Class attendance:

Since regular and prompt attendance in class, and classroom participation, are essential to scholastic success and growth, students are expected to attend all class meetings. More than 3 unexcused absences from class will result in your final grade being lowered by one letter grade. Absence from class does not excuse a student from the responsibility for class work or assignments that are missed. For additional information on class attendance, see the LCCC 1992-1993 Catalogue, p. 32

How will your final grade be determined:

Hour Exam I (20% of your grade)

Hour Exam II (20% of your grade)

Hour Exam III (20% of your grade)

Final Exam (25% of your grade)

Quizzes and classroom participation (15% of your grade)

# Dirty Tricks for Scholarships

By Claire L. Gaudiani

NEW LONDON, Conn. In its April 15 issue, *Smart Money*, a Wall Street Journal magazine, passed along some dubious advice from Doug Molin, a financial planner, on how well-to-do parents can qualify for college scholarships based on financial need. One way to create a pauper's profile, Mr. Molin said, is to move trust funds and other assets to grandparents, who can transfer them back "once college is out of the picture."

*Smart Money* also encouraged laziness. It quoted Ray Rusolillo, a senior tax manager at Cooper's & Lybrand, as saying: "Strange as it may sound, it is almost better to tell your child, 'don't work.'" Employment, the magazine explains, is financially futile because students receiving Federal aid must use 70 percent of their income on college costs, meaning that colleges "bleed your children dry." Bleed? Whatever happened to sacrificing, saving for college, and working your way through?

Similarly, *Money* magazine's 1992 College Guide suggests that shifting debts from credit cards to home equi-

Claire L. Gaudiani is president of Connecticut College.

ty loans "will actually increase your eligibility for aid." The reason is that Federal formulas for financial aid eligibility subtract mortgage debt from net worth.

Suggestions like this typify a spreading corrosion in college finance and personal ethics. Each year at Connecticut College, among our 1,650 students we see about 25 schol-

## The greedy spoil things for the needy.

arship applicants whose families show high incomes, significant future earning power and few younger children to support. Somehow they craft financial aid forms showing minimal assets and enormous debts. Other colleges report similar findings.

When we request further documentation, it often turns out that these families can afford to put nearly half their incomes into pension plans. Others reduce family assets on paper by investing heavily in life insurance or by making "loans" from personal savings to family corporations. □

To be sure, families should be allowed to present a full picture of their financial pressures. But this type of duplicity teaches their children to cheat the system. It diverts money from the truly needy. It forces colleges to spend money on detective work. It is a slap in the face to scholarship donors, who expect their gifts to meet real needs. And it defrauds taxpayers, who foot the bill for Government aid.

Paradoxically, colleges that insist on equal opportunity suffer the most. Cheating is one reason many institutions have had to abandon "need-blind" admissions, the policy of accepting students regardless of their financial resources.

This summer Congress actually widened one loophole in the Federal formula. To help middle-class parents, amendments to the Higher Education Act of 1965 removed home equity from the list of assets that the Government assumes are available for education. A more judicious solution would be to place a cap on the exemption: home equity amounting to more than three times a family's yearly income should be deemed available.

Such reforms would move the country toward fairer judgments of a family's capacity to pay. But laws are never enough. We need to raise the expectation that parents, financial planners and even influential publications will act ethically. □

LUZERNE COUNTY COMMUNITY COLLEGE IS A TWO-YEAR  
INSTITUTION OF HIGHER EDUCATION ESTABLISHED UNDER THE  
PROVISIONS OF THE COMMUNITY COLLEGE ACT OF 1963,  
COMMONWEALTH OF PENNSYLVANIA, AND SPONSORED BY  
THE COUNTY OF LUZERNE.

**FOUNDED 1966**

## PROGRAMS OF STUDY

It is the aim of Luzerne County Community College to offer the kinds of programs of education or training which its students are best qualified to pursue. This broad educational objective is consistent with the concept and philosophy of a comprehensive community college.

The diversity of curricular offerings is based to a large extent on the personal needs of the student and the personnel-employment needs of the community. For some students, one year of training will be adequate to prepare them for a specific occupation; for others, two years of education leading to an Associate Degree will qualify them for a variety of vocational goals; for still others, the two years spent acquiring an Associate Degree will furnish the groundwork or basis for further study toward an advanced degree and, possibly, a position in one of the professions. To meet these varied objectives, the instructional program of Luzerne County Community College is divided into four general categories:

- I. The Liberal Arts and Science Program - p. 61
- II. The Technical-Career Program - p. 79
- III. The Developmental Studies Program - p. 151
- IV. The Community Services (Continuing Education) Program - p. 153

"French" in under

"Liberal Arts & Science Program"

## I. THE LIBERAL ARTS AND SCIENCES PROGRAM

The purposes of the curricula offered in the liberal arts and sciences program are to develop an intellectual curiosity, the ability to think clearly based upon sound knowledge, the practice of independent thinking and sound judgment and creative academic scholarship. The curricula seek to provide an adequate preparation for further study leading to a professional competence in special fields.

The liberal arts and sciences provide a vehicle for intellectual discipline based on a broad academic structure. The subject-matter is important not only in itself, but also in contributing to the student's ability to reason and act in a mature and responsible manner. This program affords each student an opportunity to become an effective and alert human being.

Students who contemplate professional or semi-professional preparation in the arts and sciences may initiate their undergraduate studies at Luzerne County Community College in the major academic disciplines. Since most students who undertake such a program at the College plan to transfer to four-year institutions to complete the requirements for the baccalaureate degree, they are advised to schedule courses that meet the requirements of the institution to which transfer is desired. Thus the student seeking the degree of Associate in Arts or Associate in Science is expected to arrange, with the help of his counselor, a concerted program of studies that will enable him to meet the requirements of his immediate as well as his long-range educational objectives. The student is reminded that his success in transferring to a college of his choice will depend largely on the quality of his academic achievement at Luzerne County Community College.

The following curricula are included in this program:

Business Administration	Pre-Chiropractic
Computer Science	Pre-Mortuary
Education	Pre-Optometry
General Studies	Pre-Pharmacy
Humanities	Recreation Leadership and Physical Education
Mathematics	Science
Nuclear Engineering	Social Science

Specifically, French  
falls under "Humanities"

## FRENCH

### FRE 101-Elementary French I

3 Sem.-Hrs.  
The first course for students beginning the study of French; the elements of grammar and reading, drill in vocabulary, pronunciation, diction and graded readings are studied.

### FRE 102-Elementary French II

3 Sem.-Hrs.  
Stresses the aural-oral approach to reading; the development of the student's ability to read, write and converse on an elementary level of difficulty.  
Prerequisite: FRE 101 or its equivalent

222

### FRE 201-Intermediate French I\*\*

3 Sem.-Hrs.  
The intermediate course presents a thorough review of French syntax, vocabulary, building, phonetics translation, reading, writing and conversation on the level of practical use.  
Prerequisite: FRE 102 or its equivalent.

### FRE 202-Intermediate French II\*\*

3 Sem.-Hrs.  
In addition to continued study of French syntax, includes conversation, reading and writing in French; selected readings of literary and cultural merit are used to improve the student's proficiency in reading French.  
Prerequisite: FRE 201 or its equivalent

\*\*Independent study with credit is possible by arrangement with professor.

[FTA] [Walter Wiebeck]

9/1/92

Wally —

Another FTA Bulletin was mailed  
out yesterday.

An expense report is enclosed.  
Total amount now due me  
from FTA is \$142.28.

From your note of 8/11/92, I  
know we only have \$127.09.  
Maybe you can send me \$100  
now and the remainder "when  
available".

We'll have to have at least one  
more Bulletin this year  
because elections are coming up  
for 1993-1994 officers.  
Where will the money come  
from? I'll write to Tim K.  
and see what he thinks about  
this.

Regards,  
Robert

\$ 142.28

[TIM KVIDERA]

998

9-1-92

Tim -

The FTA needs about \$250-300 to make it through the year.

The 1993 funds have been paid for (\$462.00) and there is only \$127.09 in the FTA account (see copy of Walter's note to me of 8-11-92).

I mailed out another Bulletin yesterday and paid for the printing and postage myself. Amount now due SRP is \$142.28

\$ 142.28	Bills due
- 127.09	funds available
<hr/> \$ 15.19	funds <u>not</u> available

Since FTA elections are coming up for the 1993-1994 affair, we will have to have

at least no more Bulletin  
this year. Where will the  
funds come from?

As you will see on p. 17 of  
the 8/10/92 Bulletin, there  
are 29 FTA "members" who  
have not renewed for 1992.  
If they were to renew now,  
that would result in 290.  
Maybe some of them will  
renew when they see  
their name in this  
Bulletin.

Best Regards,  
Robert

From: K. Bruce Sherbine *KBS*

To: Faculty

Subject: Classrooms

I occasionally get complaints about faculty and students staying in classrooms after class is over, thus preventing the next class and instructor from starting on time. Please be sure to clear your room in time to let the next class get started on schedule. And please be sure to erase your own chalkboards!

Thanks.

Board of Directors  
Carbondale Public Library  
Carbondale, PA 18407

DEAR BOARD MEMBERS:

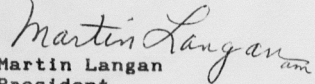

The next work session for the CARBONDALE PUBLIC LIBRARY BUILDING PROJECT will be held on THURSDAY, SEPTEMBER 3, at 7:30 PM in the Library Conference Room.

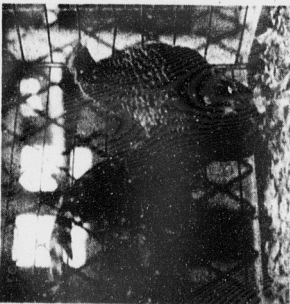

Agenda Items:

1. All board members should bring a listing of 10 names of potential \$1,000.00 gifts that they can solicit.
2. Report from board members on other capital gift requests.
3. Update on action by Lackawanna County Commissioners; newspaper as; pledge cards; poster.
4. Discussion of Phase 3 Gift Program chaired by James Burke and Loretta Wilczynski (\$10.00 to \$1,000.00).
5. Discussion of formal kick off date.

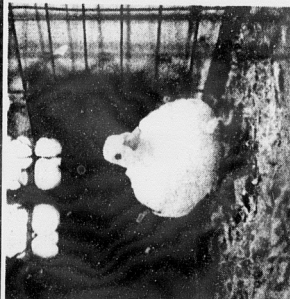

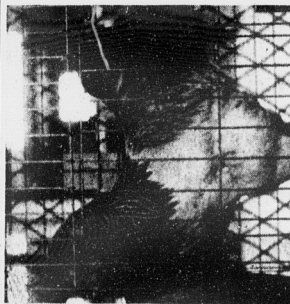

Please note the date and place it on your calendar for this important meeting.

Yours truly,

  
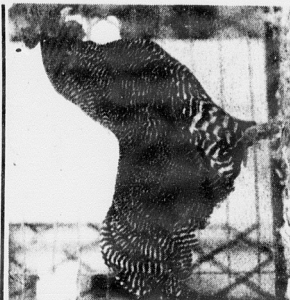

Martin Langan  
President  
Carbondale Library Association

FINGER LAKES FEATHER CLUB

### 34TH ANNUAL FINGER LAKES SHOW

By Bill Ehlers

Sunday, June 7, 1992 was the date of the 34th Annual Finger Lakes Feather Club Show, at the New York State Fairground Poultry Building, Syracuse, New York.

The weather was warm and pleasant. The Exhibitors came from four different states and the quality of the show was excellent as our two fine Judge's, George Schoeder and Art Schallenberg will confirm.

Harry Clauss, a member, Director, Officer and Honorary Director of the Finger Lakes Feather Club for many years, was honored for his many contributions and hard work that he has provided over the years. For as long as this writer can remember, I can always find Harry, at our show, tending to the coop sales and silent auction, not to mention all the years that he drove from Canadaigua the day before to help set up and take it down. May I personally con-

gratulate you Harry!

George and Art did a great job of placing the ribbons and by 3:30 Champion Row was completed and awards handed out. Elaine and Maurice Nelson, from New Hampshire, won Champion Large Fowl, The Bill Braun Memorial Plaque for Champion Large Fowl, The Finger Lakes Feather Club Member Plaque for Champion Fowl and a Trophy for Grand Champion of the Show. All with a Rhode Island Red Cock. Wow! Jay Northup, from Cortland, New York had Reserve Champion Large Fowl with a Light Brahma Cock. Nice win Jay! John Rebhorn from Syracuse had Champion Bantam with a very nice Crele Old English Cock. Congratulations John it's been a long time coming. Audrey Lowes from Richford, New York won Reserve Champion Bantam with a stunning Bearded White Silkie. Bill Ryan up from Mayfield, New York had Champion and Reserve Champion Waterfowl with a White Call Cock and neat Black East Indies Hen. Bill also won the Augie Braun Memorial Plaque for Best Bantam Duck. John Hayes, a long time Finger Lakes

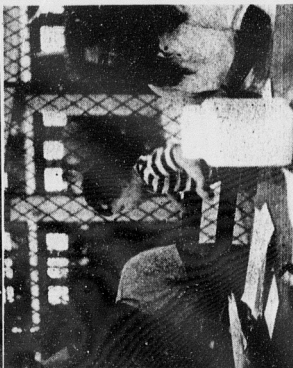

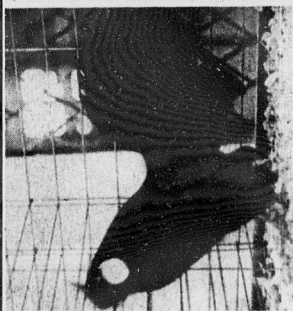

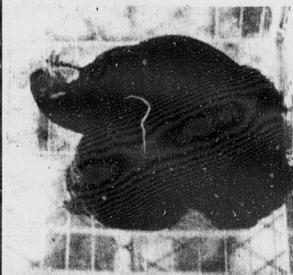

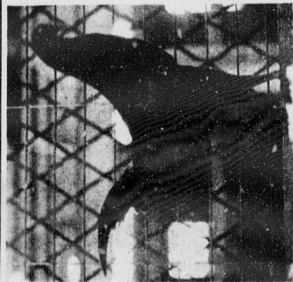

Feather Club member from Mt. Upton, New York won the Joe McQueeney Plaque for the Best Wyandotte Bantam with a Partridge Wyandotte Cock.

At this point I would like to thank Bob Richie and Rick Hare for the fine job they both did Clerking. These guy's do not get enough credit for the work that they did. They sure made my job a snap. Thanks Bob and Rick!

Looking forward to seeing you again at our 35th Annual Show the first Sunday of June '93.

Dear Professor Tannenbaum:

In accordance with your request of today that I have sent to Gettysburg College a copy of my placement credentials, I have today asked Ms. Linda Fisher in Career Development and Placement Services at Penn State to send a copy of my complete placement credentials to you as soon as possible.

If I can provide you with any additional information in support of my application for the eighteen-month sabbatical leave replacement position at Gettysburg College, beginning with the spring semester, January 1993, I shall be pleased to do so.

Sincerely yours,

S. Robert Powell  
Adjunct Faculty  
College of Liberal Arts

Dear Ms. Fisher:

Please send a copy of my complete placement folder to the following school:

Professor Amie G. Tannenbaum  
Department of French  
Gettysburg College  
Gettysburg, PA 17325-1486

I have been asked to send my credentials to Gettysburg College AS SOON AS POSSIBLE. I hope that it will be possible for you to get a copy of my credentials to them in a few days.

A check for \$4.00 is enclosed.

Thank you.

Sincerely,

*S. Robert Powell*

Dear Registrant:

Date:

We have received your request(s) to send your credentials file to prospective employers. However, your file is currently inactive. We have honored your request(s), but we require that you reactivate your file by sending a \$35 reactivation fee. This fee will keep your file on active status for a period of one year. During that year you will be eligible to send your file to prospective employers and to receive our weekly vacancy listings. The listings will only be sent if you reactivate your file and if you send in a supply of stamped, self-addressed, business-sized envelopes; no listings will be sent unless we receive your envelopes.

If you have just sent your file to one employer and have no need to use your file again this year, you may, instead of reactivating the file, send a \$3.00 fee to cover the cost of this mailing. However, if you need to use the file again this year, it will be necessary for you to reactivate the file.

Please make your check or money order payable to the Pennsylvania State University and return this card with your fee. Upon receipt of the reactivation fee a set of updating forms will be sent to you so that you may make your file as current as is possible.

*We will not be able to process your file again unless you react. If and when you react you*  
Educational Career Services *Now have a \$7.00 credit you can apply*  
Career Development & Placement Center *to the react fee*

Board of Directors  
Carbondale Public Library  
Carbondale, PA 18407

Dear Board Member:

The next work session for the CARBONDALE PUBLIC LIBRARY BUILDING PROJECT will be held on Tuesday, September 8, at 7:30 p.m. in the Library Conference Room.

At our last session, September 3, Gloria Wilson for the County Library Board reported on the meeting between the County Commissioners and the County Library Board. To say the least, we were unhappy and disturbed with the results of that meeting. An update will be given to all those who were not at that session.

We should have pledge cards and brochures at this session; (if not then, it will be later in the week). Posters should be ready for distribution.

The full page ad will appear in the Carbondale News either September 9 or September 16.

Again, please have your list of potential donors with you.  
We need your help.

Yours truly,

Martin Langan  
President  
Carbondale Library Association

1101

# THE CARBONDALE PUBLIC LIBRARY

has been serving upper  
Lackawanna County and  
surrounding areas since 1874.

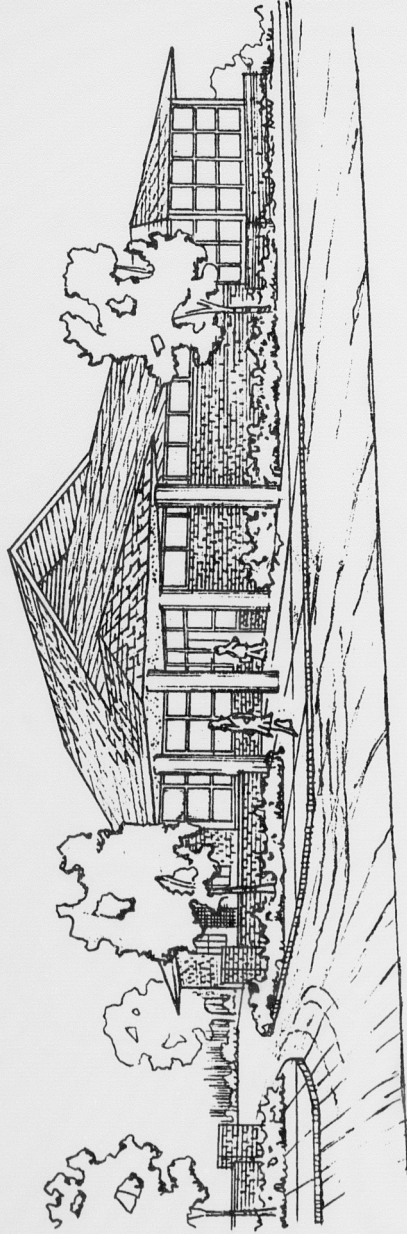

Now . . . you can say

## THANK YOU

We are well into our second century  
of service . . . now a part of the  
Lackawanna County Library System.

Dear Friend of the Carbondale Public Library:

The Capital fund drive for the new Carbondale Public Library building has begun.

Enclosed is a descriptive brochure on the new building and a pledge card for your use in contributing to the capital fund drive.

In order for the new library building to become a reality, the entire community must financially support this project. Whatever your level of support, we need your help. Pledges may be paid at one time or in payments over a 3-year period. A gift guide for special gifts (\$1,000 and above) is described on the enclosed brochure.

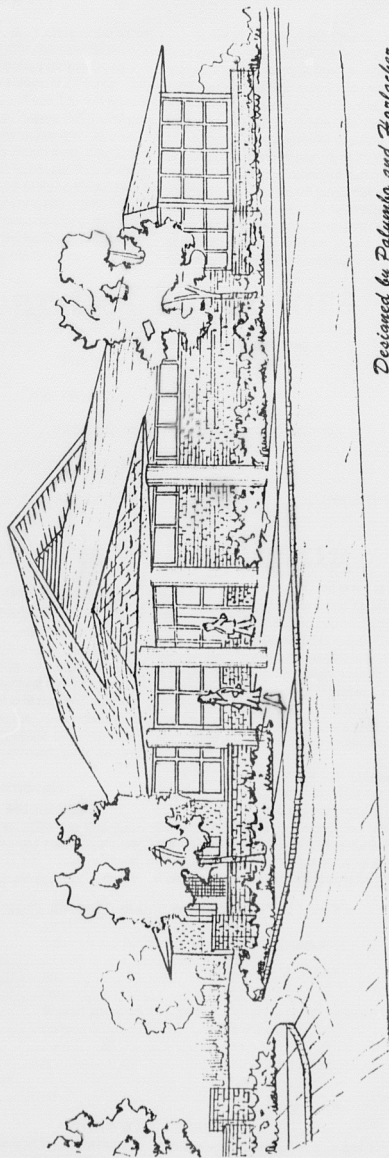

Help us to build the new library building. Fill out the enclosed pledge card and mail it today to the Carbondale Public Library.

Sincerely,

Martin Langan, President  
Board of Directors

The following three pages are the full-page ad that

A Member Of The Lackawanna County Library System**

Serving the Boroughs of Mayfield and Jermyrn, the Townships of Carbondale, Fell and Greenfield, and the City of Carbondale.

1014

## Background Information

The Carbondale Public Library is the oldest library in Lackawanna County. Established in 1875, the library was housed for many years in two small rooms in City Hall on Main Street, Carbondale. In 1965, the Hillman Land Company gave the library what had been a Bell Telephone building at 24 Sixth Avenue, just one block north of City Hall. The Library Board then undertook a fundraising campaign to renovate this building. The building is comprised of three floors, plus a basement for a total space of 6,632 square feet. In 1965, this amount of space seemed adequate, particularly since the library had been in extremely cramped quarters for so many years.

In the years since the County Library System was established in 1983, it has become increasingly apparent that the Sixth Avenue site is woefully inadequate for modern library service. Mr. Keith Doms, library building consultant, was engaged by the Library System in the spring of 1991 to evaluate the possibility of renovating and expanding the current site (the Library does own a small piece of land adjacent to the building). Mr. Doms made the following recommendation: "This consultant unequivocally recommends that the Trustees acquire some other structure suitable for conversion into a modern library, or construct a strategically located new library building."

ROBERT F. VANDENBERG  
LORETTA WILCZYNSKI  
JAMES BURKE  
CORRINE McNABB  
ANN MULDOON ..... LIBRARY DIRECTOR

## The New Building

### Why build a new library in Carbondale?

The present library building does not have sufficient space for library services and is not accessible to the handicapped. In addition, there is no off-street parking available at the current location. In 1987, the present building was denied a certificate of occupancy by the Commonwealth of Pennsylvania. In order to obtain this certificate, major modifications had to be made to the existing building.

### Why not renovate or remodel the old building?

The estimated cost to make the first floor accessible to the handicapped and to bring the building up to code is \$85,000. This proposal would result in a loss of usable floor space on the

first floor. The estimated cost to make the first and second floors accessible to the handicapped and to bring the building up to code is \$225,000. This proposal would also result in a decrease in usable floor space. The estimated cost to add floor space with an addition to the present structure, to bring the building up to code and to make it accessible to the handicapped is \$450,000. This would provide an additional 2,000 square feet of space but would not address the problem of off-street parking.

A new 10,000 square foot building could be constructed for \$1,290,000. This building would be triple the size of the current building and would be flexible enough to serve the Upper Lackawanna Valley into the next millennium. With a state grant, the new facility could be built for slightly more than the old building could be renovated.

### How does the old building compare to the new?

	OLD	NEW
Total size (sq. ft.)	3,316 on two floors	10,000 on one floor
Book capacity (vol.)	23,000	40,500
Reader seats	30	70
Staff area (sq. ft.)	none	700
Children's room	Shared space on 2nd floor	Separate room designed for children
Community room	none	75-90 seats
Public rest rooms	none	yes
On-line catalog	no	In planning stage
Americans with Disabilities Act accessible	no	yes

### Where will it be built?

The new library will be built in Carbondale. It will be located on River Street in the center of the proposed Lackawanna Valley Heritage Park plan for Carbondale. The new building will be easily

accessible to all residents of the Upper Lackawanna Valley including: the Boroughs of Mayfield and Jermy, the Townships of Carbondale, Fell, and Greenfield, as well as the City of Carbondale.

1016

# Money Questions

## How much will the new facility cost?

The new facility will cost \$1,290,000.

## Where will the money come from?

The money to build this facility will come from several sources including, the Commonwealth of Pennsylvania, Lackawanna County, the City of Carbondale, the Carbondale Public Library and the local community.

## How will the Library raise its share of the project cost?

The Carbondale Public Library will use funds that have been earmarked for capital projects as part of its share of the total project cost. The additional funds will be raised through a capital fund drive.

## How much money must the Library raise?

The Library must raise at least \$250,000.

## Why should I give money to the Library if I already pay taxes?

The amount of tax that the County Library System receives is only a small percentage of your total tax bill. That money is primarily used for operating expenses for the member libraries of the entire system. At present, the Carbondale Public Library receives 80% of its total budget from the County Library System. The rest of the budget must be provided by the Carbondale Library.

The Carbondale Public Library is now raising money for a capital drive to build a new library building. This money will not be used for operating expenses.

# WE NEED YOUR HELP

Whether you give \$100.00 or \$100,000.00, we need your financial support.

## Are these gifts tax deductible?

The Carbondale Public Library is recognized as a not-for-profit corporation under section 501 (c) (3) of the Internal Revenue Code and as such, any gifts to the Library would be tax deductible.

## How can I help?

The Library needs volunteers to assist with the fund drive and other fund raising activities.

## Where do I sign up?

Just give your name to any of the Library staff or one of the members of the Board of Directors and tell them that you would like to help.

# Gift Guide

For the new library building to become a reality, the entire Community must financially support their capital fund drive. Whatever your level of support, we need your help. Pledges may be paid at one time or in payments over a 3 year period. A gift guide for special gifts (\$1,000 or

over) is given below. A commemorative wall will be established in the new building to acknowledge all gifts over \$1,000. If you would like to have a room or area of the library named as you wish, select the option in the gift guide that meets your special needs.

## GIFT GUIDE

\$500,000 .....the new library	15,000 .....reference area
25,000 .....community room	15,000 .....reading area
25,000 .....children's room	10,000 .....circulation desk
15,000 .....genealogy /local history area	5,000 .....plaque
15,000 .....periodicals area	2,500 .....plaque
	1,000 ..... "brick"

For additional information or to secure the special gift of your choice, telephone the Carbondale Public Library at (717) 282-4281.

1017

When too many stimuli are received, the "system," not surprisingly, can not "receive" them all and so the system either shuts down or otherwise protects itself from being overwhelmed. For at least the past month, I have been going in high gear and a great deal has been accomplished and it has been wonderful fun. Every day at the Wayne County Fair and every day at the Harford Fair: there goes two weeks. Both fairs were better than ever. As for the poultry Champion go, I did very well: one of the 4 Champion at Honesdale was mine (the Black Wyandotte bantam cock); at Harford, four of the 6 Standard Champion are mine and one of the 6 bantam Champion is mine; also the Grand Champion

1018 2.

of the Show (the S. C. Black Minima Hen), to whom the Cecil Rose trophy was awarded. It's all very gratifying and wonderful.

-6:40 P.M.

Received a very nice call on 9/3 from Katie Andrews in Kanona, NY: she had not yet received my entry for the Twintier Show on 9/3 and wanted to be sure it was on the way because, as she said to Mom when she phoned, "Robert has such beautiful birds and we want to be sure his entry is on the way." Very nice of her to phone. I have entered 13 standards, three bantams, and one trio of bantams. And at least 11 of the 16 single entries could easily be named Champions of the show. We shall see.

1019

3.

I don't think I have ever had more potential winners in such wonderful show condition. Next Sunday at this time, DWP & I will be on our way back here from Bath, NY, and I'll know how my potential "Champions" have fared in the competition. I am very excited by the possibilities.

On Friday (9/4), Gettysburg College phoned for me at PSU and left a message that I was to send my credentials etc. as soon as possible. DWP was handed the message. I immediately wrote to the PSU Placement Service & asked them to send on my credentials; also wrote to Gettysburg College and told them that my credentials were on the way. I can't even imagine how

I will respond if I am offered <sup>4.</sup> the 18-month position there. It seems that I will have to say "yes." How could I turn down a full-time offer for 18 months?

It sounds like someone is about to retire. If it's 18 months with the possibility of a full-time tenure-track appointment, I will surely say yes. If there is no possibility of an ultimate full-time tenure-track position there, it will be another matter.

The PSA & LCCC appointments are not to be sneered at, by any means — and I can do both of them and not have to move.

If Gettysburg makes an offer, I can easily see myself living in Gettysburg during the academic

1021 S.

year and here during the summer.  
I'm ready for anything. If I have  
to move to Bettyburg, I will take  
all of the birds and their  
furnishings but I will take  
very few of my personal things  
almost no furniture.

My three classes are wonderful:

→ French I at LCCC: about 18 students  
I believe; good kids, mostly  
girls.

→ Humanities I at PSU at 2PM —  
about 30 of them; a very heady  
bunch; a very wonderful college  
group if ever there was one.

→ Humanities I at 8PM — about  
a dozen; an interesting group;  
good "chemistry" between them  
and me.

Dear Anson,

The Bloomsburg auction is on October 10th; the Bath (NY) auction is on September 19th.

I'm not certain yet whether or not I will attend either or both of these sales. If I can make it to either one, I'll get in touch with you a couple days before to see if you want to send with me some birds for sale.

Sincerely,

1034

September 10, 1992

Dear Phyllis,

My thanks to the Harford Agricultural Society for the check for my work in the Poultry Building during the 1992 Fair. As always, it is a great pleasure to spend the week in and around the Poultry Building.

Yes, I, too, thought that everything went very smoothly throughout the week. Anson and I work very well together. We never have any difficulty working out who is going to do what and when.

As I said at the meeting on Labor Day, all of the exhibitors were very pleased with the judging of George Schroeder and Elton Minnich. They don't come any better than George Schroeder and Elton Minnich, and it really is quite a feather in the Fair's cap to have two such well-known and respected American Poultry Association judges to judge the birds at the Fair.

Bob Simons did mention that he thought that the judging should be moved back to Tuesday. That's fine with me. I don't think that Anson would have any problem with that either. I think the reason that Bob S. has suggested that we move the judging back to Tuesday is so that the dining hall will be open and the judges can be treated to lunch, which is, I think, a good idea.

I am trying to get together a poultry department mailing list so that we can be sure that everyone knows about the dates for bloodtesting and vaccinating next Summer. Most of the names are probably already on the Fair's mailing list, but there may be some new ones. I'll make sure that you have a copy of my list.

Sincerely,

S. Robert Powell  
R. D. 1, Box 40  
Carbondale, PA 18407-9706

[Phyllis Ridgeway]

1035

September 10, 1992

Bill & Joy Krueger  
7025 Center Road  
Manitowoc, WI 54220

Dear Bill and Joy:

Congratulations on your wins at the Manitowoc show and at the Badger Poultry Club Show on your Columbian Plymouth Rock hen. She looks like a beautiful bird. There is a former breeder of standard Columbian Rocks who lives in Honesdale, PA (about 20 miles from me) who, so I am told, had just about the best standard Columbian Rocks in the country about 40+ years ago. His name is Judge Rutherford. The Columbian color pattern (which will be 100 years old next year, I think) has long been one of my favorites, even though I don't own any birds in the Columbian color pattern.

The standard Partridge Rocks that I got (as eggs) from you a couple years ago are doing beautifully. Three of the young birds that I raised this year (two pullets and a cockerel) look especially promising. The cockerel is, I think, the best Partridge Rock I have ever raised: very good color, with a nice long and broad back, nice rounded breast, a good tail and a perfect head. I can hardly wait to show him. If all goes well, he should be at his best for the APA/ABA Nationals this November. As we all know only too well, lots of things can go wrong, but I've got my fingers crossed.

The first of the Fall shows for me is this coming weekend (Twin Tier Poultry Club, Bath, NY) and I have three or four birds (none of them Plymouth Rocks) that could easily do very well. We shall see.

Congratulations again on your Columbian Rock wins and thanks again for the first class Partridge Rock eggs a couple years ago.

Sincerely,

S. Robert Powell  
R. D. 1, Box 40  
Carbondale, PA 18407-9706

1036

September 11, 1992

Dear Bill:

Here is another article, entitled "Usage and Terminology," that you may want to publish in POULTRY PRESS. I understand that long articles can be a problem to get in, so I have kept this article down to size.

The Fall show season will begin for me this weekend, with the Twin Tier Poultry Club's show in Bath, NY. I have three or four birds that could easily do very well. I look forward to having them evaluated by the impartial and objective eyes of others. Win, loose or draw, it's always fun.

I'm planning on showing a few birds at Columbus this year and will make it a point to seek you out and to shake your hand.

Sincerely,

S. Robert Powell  
R. D. 1, Box 40  
Carbondale, PA 18407-9706

# USAGE AND TERMINOLOGY

By  
S. Robert Powell

Carbondale, PA 18407-9706

In this article we will examine several language problems and difficulties in the realm of exhibition poultry that are related to what in the field of language study are called (1) usage and (2) terminology.

Correct usage and terminology, of course, are relative notions. They represent, at any given time in the history of any language, that which is regarded by educated persons as the correct manner in which a language or a form of a language is spoken or written. Correct usage, for example, requires that there be agreement between subject and verb ("I RAISE Minorca bantams" and not "I RAISES Minorca bantams"). To use correct terminology means, for example, that we refer to a female chicken that is one year old or older as a "hen" and not, for example, as a "pen" (which is the correct term for an adult female swan).

To begin with, we should all say "feather-legged" bantams, for example, and not "feather-leg" bantams. Similarly, it's "clean-legged" birds (not "clean leg" birds), "Silver-Spangled" Hamburgs, (not "Silver Spangle" Hamburgs), "Golden-Laced" Wyandottes (not "Golden Lace" Wyandottes), "Black-Breasted" Red American Games (not "Black Breast" Red American Games), and so on. In each of these cases, and in all other similar instances, we want to use an adjective (legged, spangled, laced, breasted) and not a noun (leg, spangle, lace, breast).

Another troublesome point is the fact that some of us call full-sized chickens "standards" and some of us call them "large fowl." I am inclined to favor the word "standard," which appears to be the preferred word from the point of view of many of the "old school" of poultry breeders. (People who raise dogs use the term "standard" to describe full-sized dogs: standard Collies, standard Poodles; full-sized oysters are called "standards"; full-sized fruit trees are called "standards").

When it comes to the non full-sized chickens and ducks, I think we all agree that they are properly called "bantams." ("Bantam" dogs, however, appear to be called "toys"; "bantam" fruit trees are called "dwarfs").

38

I think that it would be a good idea if we all used the same terminology. We all agree that they are chickens. I think it makes more sense to call them "standards" and "bantams" than it does to call them "large fowl" and "bantams." If we are to use the term "large fowl" for the full-sized birds then I think it makes sense that we call the non full-sized birds "small fowl." In any case, the term "standard large fowl" is redundant and should not be used.

Whether they are "standards" or "large fowl," on the one hand, or "bantams," on the other, they are all judged according to a standard or set of rules. Those formal requirements or regulations for "standards" are set forth by the American Poultry Association in THE AMERICAN STANDARD OF PERFECTION (in which the various standards for "standards" and "bantams" are given). Those formal requirements or regulations for "bantams" are set forth by the American Bantam Association in THE BANTAM STANDARD.

All of us agree that ducks and geese are collectively called "waterfowl." Exhibition poultry that are not waterfowl should, I think, properly be called "landfowl." Doris E. Rau of Prattsburg, NY, offered a special for "Best Crested Land Fowl" at the 84th Rochester Poultry Association's show in the Genesee Country Museum, Mumford, NY, on October 6, 1991, and her terminology is, I think, right on target.

To recapitulate: "Poultry" are either "Landfowl" or "Waterfowl." "Landfowl" include such species as "Chickens" ("Gallus gallus"), which are either "standards" or "bantams," Guinea Fowl ("Numida meleagris"), "Pheasants" ("Phasianidae"), "Turkeys" ("Meleagris gallopavo"), and so on. "Waterfowl" are either ducks or geese (both of the family "Anatidae").

While we're on the subject of ducks, shouldn't we all use the same terminology? The word "duck" refers to the species as a whole. All female ducks are properly called "ducks." All male ducks are properly called "drakes." And so the four age categories for all ducks are: old duck (an old female), old drake (an old male), young duck (a young female), and young drake (a young male). To describe ducks as cocks and hens and cockerels and pullets is incorrect. Young female ducks are no more "pullets" than "old female" horses, for example, are "sows." Most species have their own specific terms to refer to the different age and gender categories for that species. The age labels for one species are not, in most instances, to be used to describe the members of another species.

1039

- 3 -

Turkeys, to continue along this same path for a moment, are either hens or toms: old hen (an old female), young hen (a young female), old tom (an old male), young tom (a young male). Geese, we should all note, are either geese or ganders: old goose (an old female), young goose (a young female), old gander (an old male), or young gander (a young male).

I raise these points on correct usage and terminology solely in the interest of clarity and precision. Most of us try to be as clear and precise as possible when it comes to the selection, breeding, management and exhibition of our birds. It makes sense that we should make every effort to be as clear and precise as possible when we speak or write about our birds.

1 foot (12 inches) is the actual length of Charlemagne's anatomical foot.  
1 yard is the reach from King Henry I's nose to the tips of his fingers.  
1 mile equals 1,000 double steps of a Roman legionary. Queen Bess added extra feet so that 1 mile would equal 8 furlongs.  
1 furlong equals the length of a furrow a team of oxen could plow before resting.  
1 acre equals the amount of land a yoke of oxen could plow in a day; (43,560 sq. ft.).

9/10 - first tomatoes of the  
season picked today;  
very late indeed.

9/24 - first killing frost of the year.

9/16/92

1042

Dear Ms. Miller:

I need your help, please.

at the Sussex show this past spring (4/25-26/92) I had the Champion in the "Class of all other classes" on a Golden Campine pullet. Were there 25 birds or more in that class? and recall, there must have been since the "Continental" were included in the "Class of all other classes."

I ask the question because I am interested to know if

1043 2.

I will be awarded Master  
Exhibitor points by the APA  
for the win.

A stamped, self-addressed  
envelope is enclosed for your  
convenience in answering  
my question.

Thank you.

Sincerely,

Robert Powell

September 21, 1992

S. Robert Powell  
R.D. # 1 Box 40  
Carbondale PA 18407-9706

Dear Mr. Powell;

Thank you for contacting me with your questions. Your original letter to our S.C.P.F.A. president, Mrs. Arlene Sliker, was forwarded to me and, I must apologize most sincerely, it just got lost! I did search for it and have no idea what happened to it. Please forgive me for the extreme carelessness.

Now, in reference to your questions:

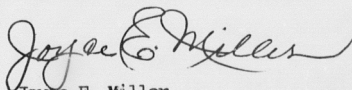

No, I do not believe there were a total of 25 birds in the grouping. I am enclosing a print-out of show results for your information.

Even with the inclusion of Mediterranean in the class of all other classes, there was still only a judged count of 24 birds. It's really unfortunate to come so close!

If you wish to check further, your inquiry should perhaps go to Nona Shearer, the APA secretary. Full show reports were filed within 30 days of the event.

Thank you again for giving me the opportunity to get this information to you in spite of my carelessness.

Sincerely,

Joyce E. Miller  
Show Secretary  
S.C.P.F.A.

CARBONDALE PUBLIC LIBRARY BOARD OF DIRECTORS MEETING  
September 15, 1992

The regular monthly meeting of the Carbondale Public Library Board of Directors was held on September 15, 1992 (Tuesday) in the Library Board Room. The members present were: Martin Langan, President; Ruth Miley, Katherine Race, Aubrey Staple, Jim Burke, Joe Pascoe, Robert Vandenberg, Corrine McNaab and Anne Muldoon, Library Director.

President Martin Langan called the meeting to order at 8 P.M.

In the absence of Robert Powell (Recording Secretary), Aubrey Staple made a motion, seconded by Jim Burke, that we dispense with the reading of the minutes of the previous meeting.

Anne Muldoon presented the Treasurer's Report. Building repairs and maintenance included extensive drain cleaning and repairs in the basement, plus furnace repairs and maintenance.

The Library staff honored Mrs. Wallis, recently retired staff member, at a dinner at Crystal Pines.

The County Library Board has sent reimbursement for Palumbo and Horlacher's fees for foundation test boring report.

Ruth Miley moved that the Treasurer's Report be accepted. Joe Pascoe seconded the motion. The motion carried.

There was no correspondence to be read.

Anne distributed handouts printed for Capital Fund Drive campaign.

COMMITTEE REPORTS:

Property Building Committee Chairman, Robert Vandenberg, reported painting of the two room corners, one on the first and one on the second floor.

Finance Chairman, Aubrey Staple, had no report.

Program Chairman: no report.

Public Relations: no report.

UNFINISHED BUSINESS:

Martin Langan addressed the question regarding the cycle of internal elections. Joe Pascoe, Chairman of the Nominations Committee, will work with his present committee to present a slate of officers for the November meeting.

The Annual Meeting meeting to be held in January, at which time a budget will be presented. The present Board members are listed on the fund drive materials. Changes before fund drive ends would appear inappropriate. One vacancy remains and the Library Board. President Martin Langan felt that that vacancy should be filled. Further discussion on the matter will be held in October.

At this time, Joe Pascoe presented a motion to accept Corrine McNaab as a member of the Board. Robert Vandenberg seconded the motion. President Langan welcomed Corrine to the Board. The members all joined in welcoming Corrine.

The annual County Library Board dinner is to be held on October 29th. President Langan encouraged all members to attend. The Board will pay for Anne Muldoon's dinner.

The meeting proceeded to address those issues relating to the Capital Fund Drive.

Information for pledge support when received was considered. Anne had prepared information for data base to be put in the computer. The demo sheet appeared complete and was accepted.

Anne stated the Library staff will be coached on proper response to all showing interest in the campaign.

A motion was made by Ruth Miley, seconded by Robert Vandenberg, that a savings account be opened at Pioneer American Bank to hold all money received. The motion carried. A \$5,000 check has been received from the auxiliary of the Carbondale General Hospital.

Ways of showing fund drive progress to the community were offered. A drawing of a building under construction, adding window by window, wall by wall, and pictured in the Carbondale News was a suggestion that was well received. This thought to be presented to Robert Powell.

Steps to be taken toward reaching our goal were presented by Mr. Langan.

Pledge cards are now available.

Step 1. Board members are asked to make a commitment.

Step 2. Members seek 100 people in community who will contribute \$1000 each, for a total of \$100,000.

Step 3. Go for larger gifts from professionals, businesses, etc.

Step 4. Seek donations from general public.

Master list of names and solicitors will be available at Library.

Board members are asked to get additional volunteers to assist with names, soliciting, stuffing envelopes, etc., a week from this date, September 22nd, at 7:30 P.M. at the Library.

Letters of gratitude will be sent out immediately for all gifts received. Letters will be put on the computer.

Attorney Jack Walsh has informed Board members by way of Sally Felix and Anne Muldoon that his client, Mr. Mancuso, is not being fairly treated regarding the sale of the land, September 15th, this evening, being the deadline for holding the property.

Robert Vandenberg reported he had mailed a copy of the full page announcement of the "Drive" to each of the three County commissioners.

The Carbondale Public Library Board expressed great frustration over the lack of cooperation and communication received from the County Commissioners and the County Library Board.

President Langan will contact Jerry Stanovitch, County Coordinator. Mr. Langan will seek a way for Carbondale Library Board to meet with the County Commissioners, in a private or a public meeting. We can not move forward without a financial commitment from the County Library Board, who receive financial approval from the Commissioners.

The president asked for an adjournment of the meeting. Robert Vandenberg made a motion to that effect. Jim Burke seconded the motion. The motion carried.

Respectfully submitted,  
Katherine Race, Corresponding Secretary.

9/18/92<sup>1066</sup>

Dear Mr. Passmore & family,

Thank you for the \$3.00 "special" that you offered at the TTPC show this year for Champion Large Fowl.

I am very pleased that my Golden Campin. cockerel was named Champion Large Fowl. The cash "special" that you offered was a very nice bonus. It was a beautiful show this year. My thanks to you and to the entire Club for all your hard work.

Sincerely,

S. Robert Powell

[Wm.]

9/18/92

1067

Dear Mr. Whitney,

Thank you for the \$3.00 "special" that you offered at this year's TTPC show for Best Rhode Island Red large fowl.

I am very pleased that the R.C. RIR cockerel that I showed was named Best RIR — also Reserve Champion American.

The Twin Tier Show is always good, but this year it was better than ever. I for one am very appreciative of all those long hours of work that were put in by club members. It was a beautiful show.

Sincerely,

S. Robert Powell

[Schallenberg]

9/18/92<sup>1068</sup>

Dear Art,

Thank you for the \$2.00 "special" that you offered at the TTPC show for Best Australorp Large Fowl. A hen that I showed was not only Best Australorp but also Reserve Champion English.

The Twin Tier show is always good but this year I thought it was better than ever.

See you (probably) at Cobleskill on the 26th.

Sincerely,

Robert Powell

[Katie Andrews]

1069

September 18, 1992

Dear Katie:

Enclosed is an ad (2" X 2"; check for \$28 enclosed) for the Twin Tier space ad for POULTRY PRESS.

Congratulations to the TWIN TIER POULTRY CLUB on a very successful 10th anniversary show. It has always been a pleasure to show at Bath and the show is always good but this year's show was BETTER THAN EVER. The three-building arrangement is not only very efficient but also very impressive. The hearty and delicious breakfast (REAL maple syrup!) is a wonderful bonus for the exhibitors, many of whom have to get up in the middle of the night in order to get to Bath on time for cooping in and who do not have the time to stop for breakfast on the way to the show. Now that Twin Tier has initiated the idea of a free breakfast, the pressure is on for the other poultry clubs to do likewise. My sincere thanks to you and to all of the hard-working core group members of the TTPC for a wonderful show.

Some observations on the 09-13-92 show:

--The members of the TTPC as a whole are friendlier and more helpful to exhibitors than at any other show. IT'S ALWAYS A PLEASURE TO SHOW AT BATH.

--The cash awards at Twin Tier, sponsored by the club, are very generous indeed, probably higher than at any other show. VERY NICE. Thank you again for the cash prizes and trophies that I was fortunate enough to win.

--The "specials" offered by members and friends of the TTPC are also very generous. There are two or three very big shows in Pennsylvania and New Jersey that I can think of where there are very few "specials."

--The idea of commemorative mugs with photographs for the class champions is a great idea; I can hardly wait to get the mugs that my birds won.

1070

- 2 -

As soon as next year's TTPC show is announced, I will send in some cash "specials." In the meantime, thanks again to you and to the entire club for your hard work, and CONGRATULATIONS ON A GREAT SHOW!

Sincerely,

S. Robert Powell  
R. D. 1, Box 40  
Carbondale, PA 18407-9706

P.S. A thought about next year's TTPC show:

Possibly the judging of the standards could begin at the same time that the judging of the bantams begins. Granted, there are always lots more bantams than standards, and, granted, the bantam entry is what makes or breaks a show. But I think that those of us who raise and show standards feel better if the judging of the standards begins at the same time as the judging of the bantams begins. After the standards are judged (a couple hours), the standard judge can then help out in the judging of the bantams.

1071

2" x 2" space ad from S. Robert Powell; TWIN TIER POULTRY CLUB SHOW,  
September 13, 1992; copy for ad is given below:

---

CHAMPION STANDARD  
Golden Campine Cockerel

Also: Champion and Reserve Champion English, Champion Mediterranean,  
Champion and Reserve Champion Continental, Reserve Champion American  
and Reserve Champion All Other Standard Breeds.

S. R O B E R T P O W E L L  
R. D. 1, Box 40, Carbondale, PA 18407-9706

---

My R. C. Rhode Island Red  
Cockerel should have been  
"Best American" & then Champion  
Large Fowl. But, because there  
was a District meet of the  
National Jersey Giant Club at the  
show, "politics" got involved  
& a mediocre Black Giant hen  
was named "Best American"

## 400 Enjoy Steam Train Excursion

By BOB TOMAINE  
Upvalley Bureau Chief

Some 400 passengers rode two steam-powered excursion trains from Scranton to Carbondale Saturday, and hundreds more turned out to watch them pass and to greet them upon their arrival.

The trains, operated as part of the Steamtown Volunteer Association's Rail Photo Weekend, were the first pulled by steam engines over the former Delaware & Hudson Railroad in several decades, and provided a hint of the excursion service planned as a part of the Lackawanna Heritage Valley.

"This is one of the greatest things that's happened to Carbondale in quite a few years," said Mayor John Moran during ceremonies following the arrival of the first train. "I'm proud of it, because railroading was a big part of Carbondale."

John Latschar, superintendent of the Steamtown National Historic Site, said that Saturday was significant for Carbondale and the D&H, the oldest continually operating transportation company in the United States. The D&H began in Carbondale.

He said that while many in the crowd were on hand because of a strong interest in railroading or because of the unusual event, oth-

ers were looking at its historical significance.

"Some of us are here to commemorate and to remember and to honor the people who built this town and who built this valley," he said. "I think that's very important because those are the same people who built America."

"In that time period roughly between the Civil War and First

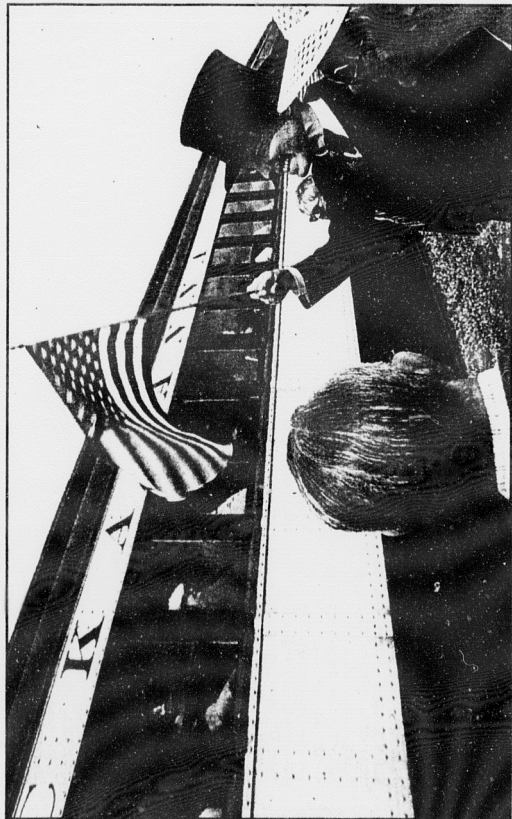

World War, one of the greatest phenomena in world history took place. The United States evolved from a sleepy agricultural nation into the world's greatest industrial power, and that started right here.

"The furnace of the Industrial Revolution in the United States is the Lackawanna Valley, this town and this valley. The anthracite coal that came out of this valley fueled

the mills, the factories, and the growing cities that made the Industrial Revolution possible."

Latschar spoke of immigrants who arrived in the Lackawanna Valley, bringing their ethnic culture with them. He said that Steamtown and the Park Service are proud to be a part of the Lackawanna Heritage Valley project, and

(Continued on Page B-13)

Robert Powell of the Carbondale Historical Society waves a flag to greet passengers on the Steamtown excursion in Carbondale. (Staff Photo by Michael Mullen)

Not the best photo of SRP  
but a good photo for "the  
came."

## 400 Ride Steamtown Excursion As Trains Puff into Carbondale

(Continued from Page B-1)

that the people of the Lackawanna Valley and their accomplishments must not be forgotten. He said Carbondale and the D&H must be honored for their places in the building of the country.

Larry Malski, executive director of the Lackawanna County Railroad Authority, said that Saturday's excursions illustrated the fact that the decision to purchase the line from the D&H was a good one. He said that, at the time of the purchase, there had been a feeling in some sectors that even that purchase would not prevent the line's eventual abandonment.

"In the eight years that we've been running this railroad," said Malski, "carloads to our industries have tripled, and now we're real; at the point of being able to do the fun things. To bring steam back."

He said that the excursions represented the start of a new industry — tourism — for Carbondale and the upper section of the county.

"I know it's a tough industry to understand," he said, "but believe me, the dollars it brings in are the same color as the dollars that an auto plant or another manufacturing plant would bring to this area."

Doug Welsh, vice president of the D&H, was one of the passengers on the train. He said he had been the project manager for Canadian Pacific when it purchased the bankrupt D&H, and at that time met Malski, who invited him on Saturday's excursion.

He said that in addition to his

work, he also personally appreciates railroads. He added that he enjoyed the interest in the D&H shown on Saturday.

"It makes me very happy," he said. "I'm glad the D&H didn't pass into oblivion. It has such a proud history and it's contributed so much to United States transportation."

"I'm glad that we were able to find a way to fit it into our businesses so that it can contribute to our businesses and continue to exist. It's just a happy outcome."

Although Welsh and several other D&H and CP officials rode to Carbondale on the train, they spent much of the afternoon touring the area and following portions of the original D&H route to Honesdale. They then were driven back to Scranton.

"From a business point of view," he observed, "that gravity railroad did a phenomenal job. There were millions of tons of coal per year moved out over it and the canal."

Malski cited the cooperation among the various parties at the local, state, and federal levels which had been necessary to bring the trips to reality.

"Anything is possible," he said, "and that's been proven here in Carbondale and the Lackawanna Valley."

Paul Hart, chairman of the railroad authority, said the relationship between the authority and the National Park Service has been a good one. He said the authority viewed the Carbondale trips as a chance "to show off the valley,"

and added that the effort appeared to be well received in Carbondale.

He said the numbers of people in Carbondale while the trains were there should go a long way toward demonstrating the potential impact of tourism. Mike Loeher, president of the Steamtown Volunteer Association, praised efforts by Carbondale organizations which contributed to the trip's success.

"Carbondale rolled out a huge red carpet for us," he said, "and it was nice to see people coming out to see the railroad. So far, it's been a tremendous success. There've been minor glitches here and there, but overall the reaction has been positive."

A trip to Binghamton via the D&H is scheduled for today.

1074

Enjoying a day of railroading delight as Steamtown trains made a Railfans excursion to Carbondale are from left Paul Hart, chairman of Lackawanna Rail Authority; Carl P. Belke, Canadian Pacific Director of Government Affairs and Plant Development; Doug Welsh, vice president, Delaware & Hudson Railroad, and Larry Malski, executive director, Lackawanna Rail Authority. **JOIN A CLUB ON THE MOVE**

9/20/92 <sup>1075</sup>

Dear Mark & Brian,  
Do you want to go  
to a poultry auction  
with me on Oct. 10th?

I am a member of  
the Central Pennsylvania  
Club and there are  
usually several

hundred birds at the auction. The  
quality of the birds is usually  
good and the prices are generally  
reasonable — sometimes \$2 or \$3  
for very good birds. The prices  
tend to be low because people  
are getting rid of birds so they  
don't have to winter them over.

The auction is usually over  
by about noon or 1 o'clock.

If you are able to go, we should,  
I think, leave Carbondale about  
6:30 AM. Maybe you could meet  
me in Carbondale?

I'll phone you in a week or so  
to see if you are able to go.

Sincerely,

Robert Powell

[MARK KLINKIEWICZ]

09-22-92

# Heading South

by Gail S. Cleere

On September 22 the sun will reach the autumnal equinox, the start of autumn in the Northern Hemisphere—when the sun, moving south in the sky, crosses the celestial equator. On this day the sun will be directly overhead at noon at the earth's equator, one of only two times during the year that this occurs. The other time is the vernal equinox, on March 20 or 21. These are also the only two times during the year when the sun rises exactly in the east and sets exactly in the west the world over (except at the poles).

Equinox, which means "equal night," implies that the day and the night are of equal length on this day. But the actual date on which the day and night are each twelve hours long, or most nearly so, is a few days before the spring equinox and a few days after the autumnal equinox and varies depending on latitude. The actual sunrise and sunset times are modified by atmospheric refraction, which bends the sun's light before it reaches us, so that the sun appears to have risen even before it has and looks like it is still above the horizon when it has already set. Astronomers define sunrise as that moment when the sun's upper edge climbs up over the eastern horizon, and sunset as when the upper edge slips below the western horizon. The times of sunrise and sunset listed in the almanacs are calculated for the normal atmospheric refraction of thirty-four minutes of arc; at these times the center of the sun is actually fifty minutes of arc below an unobstructed horizon for an observer on a level region, with no atmosphere.

Aside from these purely scientific definitions, the date of the autumnal equinox is also the date of very old harvest celebrations and traditions. The Jewish Feast of Tabernacles, called the Feast of Ingathering in the Old Testament, dates from those ancient times when huts (or tabernacles) were built in the fields for entire families to dwell in while the harvest was being gathered. Whether this was originally a

Hebrew festival or was adopted from the Canaanites is uncertain. Until the late nineteenth century, the English celebrated the festival of "harvest home," when common laborer and master alike mixed freely at a feast of thanksgiving for the season's abundance. Copious amounts of cider and beer washed down goose, game, and beef, and thoughtful farmers made sure the barn was open for those who might require rest and meditation. The oldest harvester present sometimes offered a toast, which in Somerset, England, went like this:

Here's to the health of our master,  
the founder of the feast,  
We pray to God his soul may rest  
where all is love and peace,  
While here it is our duty  
to consider his demands,  
And take it as a pleasure  
to bow to his command.

This harvest festival was always timed to occur on or around the date of the equinox and sometimes coincided with the full moon. Long after the astronomical significance of these harvest festivals was forgotten, in the midst of the Civil War in 1863, Abraham Lincoln declared our own harvest festival, naming the last Thursday in November a national day of Thanksgiving. From binding up tall sheaves of wheat to the building of evening bonfires, the rituals reach back much further than the Pilgrim stories, to a time when the motion of the stars across the sky in a comforting yearly pattern served as a calendar.

[Lillian Morey]

September 28, 1992

Dear Lillian:

Enclosed is an ad (2" X 2"; check for \$28 enclosed) for the Cobleskill Show space ad for POULTRY PRESS.

Congratulations to the Eastern New York State Poultry Association on a very successful show. It has always been a pleasure to show at Cobleskill and the show is always good but this year's show was BETTER THAN EVER. My sincere thanks to you and to all of the hard-working core group members of the ENYSPA for a wonderful show.

Sincerely yours,

S. Robert Powell  
R. D. 1, Box 40  
Carbondale, PA 18407-9706

[Lee]

10/1/92

1095

Dear Mr. Traver:

Thank you for the \$5.00 "special"  
for Best Mediterranean at the  
Year's Cobleskill show. I  
am very pleased that the  
S. C. Black Minorca hen that  
I showed was Champion  
Mediterranean.

I like the idea of a 2-day  
show at Cobleskill —  
there's more time for  
everything.

Thanks again.

Robert Powell

[Jack]

10/1/92

1096

Dear Mr. MacCracken:

Thank you for the \$3.00 "Special" that you offered at Cableskill for Best Standard RIR. I am very pleased that my R.C. RIR Cockerel was BB for the Reds and then Reserve Champion Large Fowl of the Show.

I like the idea of a 2-day Show. It's not as rushed, and there is more time for everything.

Thanks again.

Robert Powell

[ Mary M.  
Larkey ]

10/1/92

1097

Dear Mary,

Thank you for the \$5.00 "special"  
that you offered at this year's  
Cobleskill show for Best Standard  
Plymouth Rock. My Barred Rock  
hen appears to have stopped  
moultng now that she is home  
again.

at Rochester

This weekend I'll be showing  
a Partridge Rock Cock (not  
through moultng) and a nice  
Partridge cockerel. I have fairly  
high hopes for the cockerel. We  
shall see.

Thanks again.

Robert Powell

[John Hayer] 10/1/92

1098

Dear John,

Thank you for the \$5.00 "special" that you offered at this year's ENYSPA show. I am very pleased that the R.C. RIR Cockerel that I showed was Champion American (also Reserve Champion Standard).

I like 2-day shows; there's more time to visit and to talk poultry."

Thanks again for the "special".

Sincerely,

Robert Powell

Carbondale, PA 18407-9706

Dear ENYSPA:

Thank you for the cash prizes & trophies that my birds won at this year's Cobleskill show.

I, for me, am very appreciative of all those long hours of work that were put in by the core group of the ENYSPA. It was a beautiful show.

I especially like the fact that it was a 2-day show: there's more time for everything.

Congratulations to the ENYSPA on a job very well done.

Sincerely,  
Robert Powell

## DO YOU HAVE AN I.D.?

by S. Robert Powell  
Middleburg, PA 17842

SRP →

Most of us faithfully renew our membership in our local poultry club every year and dutifully put our new membership card in our wallet, throwing away our membership card from the preceding year. Rarely, if ever, do we remove our poultry club card from our wallet in the course of the year.

Recently I moved to a new part of the state (PA) and have not yet received new checks from the local bank. Recently I went to the local feed store of my choice (Rhoads Mills, Inc., Selingsrove, PA) and purchased poultry feed and supplies. I asked if the feed store would take a check, explaining that I was a new resident in the area and offering to show my photo I.D. driver's license.

As I flipped through the I.D. cards in my wallet, looking for my driver's license, the man at the counter, who was carefully watching me as I did so, spotted my local poultry club membership card (Central Pennsylvania Avian Club). I think he spotted the card because of the silhouette of a rooster that appears on the card. He said: "Let me see that card." I handed him the card and he looked at it carefully and then handed the card back to me and said: "Your check is good."

I guess that the man at the feed store knows what you and I know: that most of us who raise exhibition poultry are a pretty decent lot and are more likely than not to be honest folk.

So, don't bury your local poultry club membership card deep down in your wallet. Keep it on the surface. You never can tell when it will open doors for you.

Humanities 001:01, Dr. S. Robert Powell, PSU (WS)  
HOUR EXAM I

Part I: Answer questions 1 and 2 and three of the other seven questions given below (each answer counts 18 points):

1. Define the Aristotelian concept of the Mean as set forth in NICOMACHEAN ETHICS. Include in your answer a discussion of "deficiency and excess," and "pleasure and pain." What are three practical rules of good conduct set forth by Aristotle to help one arrive at the Mean?
2. Define the process, as outlined by Socrates in THE SYMPOSIUM, by means of which one is led to contemplate absolute beauty.
3. How, according to Ecclesiastes, is one to lead one's life? Compare this point of view with that set forth by Aristotle in NICOMACHEAN ETHICS.
4. How does Aristotle characterize and define "contemplation"?
5. Explain why, according to Aristotle, "adverbial considerations" are of great importance in any discussion of moral and intellectual virtues? What constitutes a virtuous act according to Aristotle?
6. Summarize the content of Aristotle's NICOMACHEAN ETHICS by answering, according to Aristotle, the following question: To what end should human conduct be directed?
7. Describe the fictional form and technique used by Plato in THE SYMPOSIUM.
8. Outline the point of view of one of the principal speakers in THE SYMPOSIUM of Plato and relate that point of view to the thesis of THE SYMPOSIUM as a whole.
9. It has been said that the speech that Plato assigns to Aristophanes in THE SYMPOSIUM "constitutes almost the most brilliant of his achievements as a literary artist." What are some of the qualities of that speech that cause it to be so highly regarded?

Part II: Short Answer and Identification Questions. Part II of the exam counts 10% of the exam grade.

1. In what year was ECCLESIASTES written? In what language? By whom? In what city or part of the world was the book written?
2. In what year was THE SYMPOSIUM written? In what language? By whom? In what city/place was the book written?
3. In what year was NICOMACHEAN ETHICS written? In what language? By whom? In what city/country was the book written?
4. Name six of the moral virtues that are discussed in detail by Aristotle in NICOMACHEAN ETHICS? Name six of the intellectual virtues that are analyzed in that same book.
5. What, according to Aristotle, is the supreme moral virtue? the supreme intellectual virtue?
6. Aristotle identifies two distinct faculties of the intellect. What are they?
7. What does the word "peripatetic" mean?
8. What is the name of the school, a gymnasium sacred to Apollo Lyceus, that was assigned to Aristotle in Athens by Alexander the Great? Describe the teaching methods used by Aristotle therein? What is known about the two different courses of lectures that were presented therein daily?
9. In what way were the lives of Alexander the Great and Aristotle interrelated?
10. Plato, Aristotle and Socrates lived and taught in the 5th and 4th centuries B.C. Which of the three lived and taught first (chronologically)? Who studied with whom? Which of the three lived and taught last (chronologically)?
